24.144 Exclusion of Press and Public: None.

24.145 Public Participation: None.

24.146 Council's decision-making process

Cllr Miskelly stated that the current committee structure was unfair and he has not been approached to become a member of any committee since his election in February.

The Parish Council is a corporate body and decisions should be made by the whole council.

Decisions are being made by committees with as little as four Councillors in attendance.

Full Council meetings are very quick as all decisions have already been made.

24.147 Motions on Notice

Cllr Miskelly requested a recorded vote.

a) Motion from Cllr Larkin

In order that all members of the Workington Town Council are treated equally with transparency Workington Town Council will return to the old and democratic way of choosing a Mayor and Deputy.

In future the longest serving Workington Town Council elected member who has not held the office before will be asked if they wish to be the Deputy Mayor.

If the answer is no, the process will carry on until someone says yes.

When that is completed, that member will become the Deputy Mayor at the Mayor making ceremony.

The following year they will ascend to the Office of Mayor.

Cllr Poole asked how this would be fair as newer Councillors would not stand a chance of becoming Mayor or Deputy Mayor.

Cllr Heaslip advised that the motion contradicts section 15 of the LGA which states that a Mayor and Deputy Mayor are nominated and elected at the Council's Annual Meeting.

Cllr Cannon stated that nominations are received at the Annual Meeting from anyone wishing to the Mayor or Deputy Mayor and voted on accordingly.

Cllr Miskelly advised that he has served on the Council for a long time and remembers that the process in the motion has been used for the election of Mayor and Deputy and those who are not part of a political party don't have a chance to become Mayor.

The Council voted.

b) Motion from Cllr Miskelly

All elected members of Workington Town Council will as laid out in legislation for Parish councils take part in the decision-making process of matters that the aforementioned Workington Town Council.

This will be facilitated by all matters being discussed debated and voted on by full Council not by committee as is done now.

All committees will cease to be used and will be made redundant.

If needed in certain circumstances when an issue or matter may need investigation or discussion a working group will be formed which will investigate in place of a committee.

- 1. The working group will not be a decision making group, it merely advises full Council and reports to the Full Council.*
- 2. It will not be a permanent group. It will have a lifespan of no longer than four weeks.*
- 3. The membership of the group will be volunteer oriented.*
- 4. The size of membership will be eight members and if over prescribed membership will be decided by lots.*
- 5. The group will meet as required within the four week period.*
- 6. The group will elect a Chair each time it meets, there will be no permanent chair.*

The Town Clerks role is to advise the Mayor and the elected member as such the clerk will be seated by the chair at meetings. If required a note taker will provided.

Cllr Mark Fryer advised that all committee minutes are reviewed by Full Council and at all Full Council meetings there is an opportunity for all members, not just members of committees, to question decisions and ask for any amendments to be made.

Cllr Mike Rollo stated that the motion did not take into consideration the size of the Council and how the Council's plans progress in order to provide for the people of the town. It would not be feasible to call committee meetings ad hoc without set dates or knowing who would be attending.

Cllr Heaslip advised that the motion seeks to impose a rule on the Council, contrary to section 101 of the LGA which states that the Council can appoint committees to carry out the business of the Council with delegated responsibility.

Council discussed that the calling of the extraordinary meeting has caused disruption to Council business and Officers and was not necessary.

Cllr Harrington requested that standing order 2D(iv) with regards to political proportionality be removed.

Cllr Miskelly requested a right to reply and stated that Cllr Mark Fryer did not want to allow his right to reply as he was scared of the response.

Right to reply was denied.

The Mayor requested a recorded vote.

Some Notes on Council Powers for Expenditure including s137 Payments 2024-25

Generally, the council exercises a range of powers in making grants to the community. The limit for this Council in the year of the account, 1st April 2024 - 31st March 2025 was £10.81 x 19,196 (as at 1st December 2024) = £207,508.76

The contract will provide:

- 24/7 support,
- Tailored documentation
- HR compliance
- 24 hour telephone access

ANNUAL MEETING	Agenda Item No. 11c
Meeting date: Wednesday 7 th May 2025	
From: F & GP Committee	
Title: Committee Structure – New Proposed DRAFT	

1. RECOMMENDATION

Council is to consider a new proposed committee structure as recommended by F & GP

2. DETAIL

Finance and General Purposes Committee recommend that the Sustainable Development committee is dissolved and a new Strategic Development advisory committee reporting into F & GP is established.

In addition to scheduled meetings, it will allow meetings of the advisory committee to be called at short notice should a response to a consultation that will greatly affect the town be required.

The advisory committee could also be responsible for the higher-level strategic planning that is required by the Council and is not always possible in Finance and General Purposes committee meetings due to the volume of other business that needs to be covered in these meetings.

Members of the advisory committee would be able to focus considerably more on the implementation and review of Council business required for the Council to progress, develop and move forward.

Members of the committee will be appointed by nomination and vote at a future Finance and General Purposes committee meeting.

Initial suggestions for advisory committee topics are:

Strategic Development Advisory Committee

- Reporting to the Finance and General Purposes Committee

- a) Monitoring progress of the Council plan.
- b) Consideration of large planning applications which will have significant impact on the town or have been requested for consideration by ward Councillors.
- c) Giving views of the Council to the responsible authority, on planning policy, licensing, highways, traffic management, parking or other related matter.
- d) Consideration of any other matter on which the Council's views may be sought by other organisations or bodies.
- e) Monitoring progress of the Council's climate action plan.
- f) Developing a Community Plan and Neighbourhood Plan.

6. Banking and payments

- 6.1. The council's banking arrangements, including the bank mandate, shall be made by the Proper Officer/RFO, and authorised by the council; banking arrangements shall not be delegated to a committee. The council has resolved to bank with HSBC for its main current account, using this for all day-to-day council transactions and for managing The Mayor's fundraising activities. The arrangements shall be reviewed annually for security and efficiency.
 - 6.2. The council must have safe and efficient arrangements for making payments, to safeguard against the possibility of fraud or error. Wherever possible, more than one person should be involved in any payment, for example by dual online authorisation or dual cheque signing. Even where a purchase has been authorised, the payment must also be authorised and only authorised payments shall be approved or signed to allow the funds to leave the council's bank.
 - 6.3. All invoices for payment should be examined for arithmetical accuracy, analysed to the appropriate expenditure heading and verified to confirm that the work, goods or services were received, checked and represent expenditure previously authorised by the council before being certified by the Proper Officer/RFO. Where the certification of invoices is done as a batch; the signature of the Proper Officer/RFO is confirmation that all invoices listed have been 'examined, verified and certified' by the Proper Officer/RFO.
 - 6.4. Personal payments (including salaries, wages, expenses and any payment made in relation to the termination of employment) may be summarised to avoid disclosing any personal information.
 - 6.5. All payments shall be made by online banking, cheque or direct debit, in accordance with a resolution of the council or duly delegated committee or a delegated decision by an officer, unless the council resolves to use a different payment method.
 - 6.6. For each financial year the RFO may draw up a schedule of regular payments due in relation to a continuing contract or obligation (such as Salaries, PAYE, National Insurance, pension contributions, rent, rates, regular maintenance contracts and similar items), which the council may authorise in advance for the year.
 - 6.7. A copy of this schedule of regular payments shall be signed by two members on each and every occasion when payment is made - to reduce the risk of duplicate payments.
 - 6.8. A list of such payments shall be reported to the next appropriate meeting of the council or Finance & General Purposes Committee for information only.
 - 6.9. Mayor's Fundraising Activities: the Proper Officer/DPO shall ensure that all transactions relating to The Mayor's fundraising will be recorded and a

- 7.1. Where internet banking arrangements are made with any bank, the Proper Officer/RFO shall be appointed as the Service Administrator but can appoint an appropriate Officer of the council (i.e., Finance Officer) to make approved payments on behalf of the Proper Officer/RFO. The bank mandate agreed by the council shall identify five councillors who will be authorised to approve transactions on those accounts and a minimum of two people will be involved in any approval process. The Proper Officer/RFO may be an authorised signatory, but no signatory should be involved in approving any payment to themselves.
- 7.2. No employee or councillor shall disclose any PIN or password, relevant to the council or its banking, to anyone not authorised in writing by the council or a duly delegated committee.
- 7.3. Two authorised signatories shall check the payment details against the invoices before approving each payment.
- 7.4. Evidence shall be retained showing which members approved the payments and a digital record of the transaction confirming that the payment has been made shall be stored for audit purposes.
- 7.5. A full list of all payments made in a month shall be provided to the next council and Finance & General Purposes committee meeting.

The approval of the use of BACS or CHAPS shall be renewed by resolution of the council at least every two years.
- 7.8. If thought appropriate by the council, regular payments of fixed sums may be made by banker's standing order, provided that the instructions are signed by two members and the Proper Officer/RFO, evidence of this is retained and any payments are reported to the Finance and General Purposes Committee as part of the budget monitoring reports. The approval of the use of a banker's standing order shall be reviewed by the council at least every two years.
- 7.9. Account details for suppliers may only be changed upon written notification by the supplier verified by the Proper Officer/RFO and the Finance Officer. This is a potential area for fraud and the individuals involved should ensure that any change is genuine. Data held should be checked with suppliers every two years.
- 7.10. Members and officers shall ensure that any computer used for the council's financial business has adequate security, with anti-virus, anti-spyware and firewall software installed and regularly updated.

Workington Town Council

Councillor Code of Conduct 2025

The role of councillor across all tiers of local government is a vital part of our country's system of democracy. It is important that as councillors we can be held accountable and all adopt the behaviours and responsibilities associated with the role. Our conduct as an individual councillor affects the reputation of all councillors. We want the role of councillor to be one that people aspire to. We also want individuals from a range of backgrounds and circumstances to be putting themselves forward to become councillors.

As councillors, we represent local residents, work to develop better services and deliver local change. The public have high expectations of us and entrust us to represent our local area, taking decisions fairly, openly, and transparently. We have both an individual and collective responsibility to meet these expectations by maintaining high standards and demonstrating good conduct, and by challenging behaviour which falls below expectations.

Importantly, we should be able to undertake our role as a councillor without being intimidated, abused, bullied, or threatened by anyone, including the general public.

This Code has been designed to protect our democratic role, encourage good conduct and safeguard the public's trust in local government.

Introduction

The Local Government Association (LGA) has developed this Model Councillor Code of Conduct, in association with key partners and after extensive consultation with the sector, as part of its work on supporting all tiers of local government to continue to aspire to high standards of leadership and performance. It is a template for councils to adopt in whole and/or with local amendments.

All councils are required to have a local Councillor Code of Conduct.

The LGA will undertake an annual review of this Code to ensure it continues to be fit-for-purpose, incorporating advances in technology, social media and changes in legislation. The LGA can also offer support, training and mediation to councils and councillors on the application of the Code and the National Association of Local Councils (NALC) and the county associations of local councils can offer advice and support to town and parish councils.

Definitions

For the purposes of this Code of Conduct, a “councillor” means a member or co-opted member of a local authority or a directly elected mayor. A “co-opted member” is defined in the Localism Act 2011 Section 27(4) as “a person who is not a member of the authority but who

- a) is a member of any committee or sub-committee of the authority, or;
- b) is a member of, and represents the authority on, any joint committee or joint subcommittee of the authority;

and who is entitled to vote on any question that falls to be decided at any meeting of that committee or sub-committee”.

For the purposes of this Code of Conduct, “local authority” includes county councils, district councils, London borough councils, parish councils, town councils, fire and rescue authorities, police authorities, joint authorities, economic prosperity boards, combined authorities and National Park authorities.

Purpose of the Code of Conduct

The purpose of this Code of Conduct is to assist you, as a councillor, in modelling the behaviour that is expected of you, to provide a personal check and balance, and to set out the type of conduct that could lead to action being taken against you. It is also to protect you, the public, fellow councillors, local authority officers and the reputation of local government. It sets out general principles of conduct expected of all councillors and your specific obligations in relation to standards of conduct. The LGA encourages the use of support, training and mediation prior to action being taken using the Code. The fundamental aim of the Code is to create and maintain public confidence in the role of councillor and local government.

General principles of councillor conduct

Everyone in public office at all levels; all who serve the public or deliver public services, including ministers, civil servants, councillors and local authority officers; should uphold the [Seven Principles of Public Life](#), also known as the Nolan Principles.

Building on these principles, the following general principles have been developed specifically for the role of councillor.

In accordance with the public trust placed in me, on all occasions:

- I act with integrity and honesty
- I act lawfully
- I treat all persons fairly and with respect; and
- I lead by example and act in a way that secures public confidence in the role of councillor.

In undertaking my role:

- I impartially exercise my responsibilities in the interests of the local community
- I do not improperly seek to confer an advantage, or disadvantage, on any person
- I avoid conflicts of interest
- I exercise reasonable care and diligence; and
- I ensure that public resources are used prudently in accordance with my local authority's requirements and in the public interest.

Application of the Code of Conduct

This Code of Conduct applies to you as soon as you sign your declaration of acceptance of the office of councillor or attend your first meeting as a co-opted member and continues to apply to you until you cease to be a councillor.

This Code of Conduct applies to you when you are acting in your capacity as a councillor which may include when:

- you misuse your position as a councillor
- Your actions would give the impression to a reasonable member of the public with knowledge of all the facts that you are acting as a councillor;

The Code applies to all forms of communication and interaction, including:

- at face-to-face meetings
- at online or telephone meetings
- in written communication
- in verbal communication
- in non-verbal communication
- in electronic and social media communication, posts, statements and comments.

You are also expected to uphold high standards of conduct and show leadership at all times when acting as a councillor.

Your Monitoring Officer has statutory responsibility for the implementation of the Code of Conduct, and you are encouraged to seek advice from your Monitoring Officer on any matters that may relate to the Code of Conduct. Town and parish councillors are encouraged to seek advice from their Clerk, who may refer matters to the Monitoring Officer.

Standards of councillor conduct

This section sets out your obligations, which are the minimum standards of conduct required of you as a councillor. Should your conduct fall short of these standards, a complaint may be made against you, which may result in action being taken.

Guidance is included to help explain the reasons for the obligations and how they should be followed.

General Conduct

1. Respect

As a councillor:

1.1 I treat other councillors and members of the public with respect.

1.2 I treat local authority employees, employees and representatives of partner organisations and those volunteering for the local authority with respect and respect the role they play.

Respect means politeness and courtesy in behaviour, speech, and in the written word. Debate and having different views are all part of a healthy democracy. As a councillor, you can express, challenge, criticise and disagree with views, ideas, opinions and policies in a robust but civil manner. You should not, however, subject individuals, groups of people or organisations to personal attack.

In your contact with the public, you should treat them politely and courteously. Rude and offensive behaviour lowers the public's expectations and confidence in councillors.

In return, you have a right to expect respectful behaviour from the public. If members of the public are being abusive, intimidatory or threatening you are entitled to stop any conversation or interaction in person or online and report them to the local authority, the relevant social media provider or the police. This also applies to fellow councillors, where action could then be taken under the Councillor Code of Conduct, and local authority employees, where concerns should be raised in line with the local authority's councillor-officer protocol.

2. Bullying, harassment and discrimination

As a councillor:

2.1 I do not bully any person.

2.2 I do not harass any person.

2.3 I promote equalities and do not discriminate unlawfully against any person.

The Advisory, Conciliation and Arbitration Service (ACAS) characterises bullying as offensive, intimidating, malicious or insulting behaviour, an abuse or misuse of power through means that undermine, humiliate, denigrate or injure the recipient. Bullying might be a regular pattern of behaviour or a one-off incident, happen face-to-face, on social media, in emails or phone calls, happen in the workplace or at work social events and may not always be obvious or noticed by others.

The Protection from Harassment Act 1997 defines harassment as conduct that causes alarm or distress or puts people in fear of violence and must involve such conduct on at least two occasions. It can include repeated attempts to impose unwanted communications and contact upon a person in a manner that could be expected to cause distress or fear in any reasonable person.

Unlawful discrimination is where someone is treated unfairly because of a protected characteristic. Protected characteristics are specific aspects of a person's identity defined by

the Equality Act 2010. They are age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex and sexual orientation.

The Equality Act 2010 places specific duties on local authorities. Councillors have a central role to play in ensuring that equality issues are integral to the local authority's performance and strategic aims, and that there is a strong vision and public commitment to equality across public services.

3. Impartiality of officers of the council

As a councillor:

3.1 I do not compromise, or attempt to compromise, the impartiality of anyone who works for, or on behalf of, the local authority.

Officers work for the local authority as a whole and must be politically neutral (unless they are political assistants). They should not be coerced or persuaded to act in a way that would undermine their neutrality. You can question officers in order to understand, for example, their reasons for proposing to act in a particular way, or the content of a report that they have written. However, you must not try and force them to act differently, change their advice, or alter the content of that report, if doing so would prejudice their professional integrity.

4. Confidentiality and access to information

As a councillor:

4.1 I do not disclose information:

- a. given to me in confidence by anyone
- b. acquired by me which I believe, or ought reasonably to be aware, is of a confidential nature, unless
 - i. I have received the consent of a person authorised to give it;
 - ii. I am required by law to do so;
 - iii. the disclosure is made to a third party for the purpose of obtaining professional legal advice provided that the third party agrees not to disclose the information to any other person; or
 - iv. the disclosure is:
 - 1. reasonable and in the public interest; and
 - 2. made in good faith and in compliance with the reasonable requirements of the local authority; and
 - 3. I have consulted the Monitoring Officer prior to its release.

4.2 I do not improperly use knowledge gained solely as a result of my role as a councillor for the advancement of myself, my friends, my family members, my employer or my business interests.

4.3 I do not prevent anyone from getting information that they are entitled to by law.

Local authorities must work openly and transparently, and their proceedings and printed materials are open to the public, except in certain legally defined circumstances. You should work on this basis, but there will be times when it is required by law that discussions, documents and other information relating to or held by the local authority must be treated in a confidential manner. Examples include personal data relating to individuals or information relating to ongoing negotiations.

5. Disrepute

As a councillor:

5.1 I do not bring my role or local authority into disrepute.

As a Councillor, you are trusted to make decisions on behalf of your community and your actions and behaviour are subject to greater scrutiny than that of ordinary members of the public. You should be aware that your actions might have an adverse impact on you, other councillors and/or your local authority and may lower the public's confidence in your or your local authority's ability to discharge your/its functions. For example, behaviour that is considered dishonest and/or deceitful can bring your local authority into disrepute.

You are able to hold the local authority and fellow councillors to account and are able to constructively challenge and express concern about decisions and processes undertaken by the council whilst continuing to adhere to other aspects of this Code of Conduct.

6. Use of position

As a councillor:

6.1 I do not use, or attempt to use, my position improperly to the advantage or disadvantage of myself or anyone else.

Your position as a member of the local authority provides you with certain opportunities, responsibilities, and privileges, and you make choices all the time that will impact others. However, you should not take advantage of these opportunities to further your own or others' private interests or to disadvantage anyone unfairly.

7. Use of local authority resources and facilities

As a councillor:

7.1 I do not misuse council resources.

7.2 I will, when using the resources of the local authority or authorising their use by others:

- a. act in accordance with the local authority's requirements; and**
- b. ensure that such resources are not used for political purposes unless that use could reasonably be regarded as likely to facilitate, or be conducive to, the discharge of the functions of the local authority or of the office to which I have been elected or appointed.**

You may be provided with resources and facilities by the local authority to assist you in carrying out your duties as a councillor.

Examples include:

- office support
- stationery
- equipment such as phones, and computers
- transport
- access and use of local authority buildings and rooms.

These are given to you to help you carry out your role as a councillor more effectively and are not to be used for business or personal gain. They should be used in accordance with the purpose for which they have been provided and the local authority's own policies regarding their use.

8. Complying with the Code of Conduct

As a Councillor:

8.1 I undertake Code of Conduct training provided by my local authority.

8.2 I cooperate with any Code of Conduct investigation and/or determination.

8.3 I do not intimidate or attempt to intimidate any person who is likely to be involved with the administration of any investigation or proceedings.

8.4 I comply with any sanction imposed on me following a finding that I have breached the Code of Conduct.

It is extremely important for you as a councillor to demonstrate high standards, for you to have your actions open to scrutiny and for you not to undermine public trust in the local authority or its governance. If you do not understand or are concerned about the local authority's processes in handling a complaint you should raise this with your Monitoring Officer.

Protecting your reputation and the reputation of the local authority

9. Interests

As a councillor:

9.1 I register and disclose my interests.

Section 29 of the Localism Act 2011 requires the Monitoring Officer to establish and maintain a register of interests of members of the authority.

You need to register your interests so that the public, local authority employees and fellow councillors know which of your interests might give rise to a conflict of interest. The register is a public document that can be consulted when (or before) an issue arises. The register also protects you by allowing you to demonstrate openness and a willingness to be held accountable. You are personally responsible for deciding whether or not you should disclose an interest in a meeting, but it can be helpful for you to know early on if others think that a potential conflict might arise. It is also important that the public know about any interest that might have to be disclosed by you or other councillors when making or taking part in decisions, so that decision making is seen by the public as open and honest. This helps to ensure that public confidence in the integrity of local governance is maintained.

You should note that failure to register or disclose a disclosable pecuniary interest as set out in **Table 1**, is a criminal offence under the Localism Act 2011.

Appendix B sets out the detailed provisions on registering and disclosing interests. If in doubt, you should always seek advice from your Monitoring Officer.

10. Gifts and hospitality

As a councillor:

10.1 I do not accept gifts or hospitality, irrespective of estimated value, which could give rise to real or substantive personal gain or a reasonable suspicion of influence on my part to show favour from persons seeking to acquire, develop or do business with the local authority or from persons who may apply to the local authority for any permission, licence or other significant advantage.

10.2 I register with the Monitoring Officer any gift or hospitality with an estimated value of at least £50 within 28 days of its receipt.

10.3 I register with the Monitoring Officer any significant gift or hospitality that I have been offered but have refused to accept.

In order to protect your position and the reputation of the local authority, you should exercise caution in accepting any gifts or hospitality which are (or which you reasonably believe to be) offered to you because you are a councillor. The presumption should always be not to accept significant gifts or hospitality. However, there may be times when such a refusal may be difficult if it is seen as rudeness in which case you could accept it but must ensure it is

publicly registered. However, you do not need to register gifts and hospitality which are not related to your role as a councillor, such as Christmas gifts from your friends and family. It is also important to note that it is appropriate to accept normal expenses and hospitality associated with your duties as a councillor. If you are unsure, do contact your Monitoring Officer for guidance.

Appendices

Appendix A – The Seven Principles of Public Life

The principles are:

Selflessness

Holders of public office should act solely in terms of the public interest.

Integrity

Holders of public office must avoid placing themselves under any obligation to people or organisations that might try inappropriately to influence them in their work. They should not act or take decisions in order to gain financial or other material benefits for themselves, their family, or their friends. They must disclose and resolve any interests and relationships.

Objectivity

Holders of public office must act and take decisions impartially, fairly and on merit, using the best evidence and without discrimination or bias.

Accountability

Holders of public office are accountable to the public for their decisions and actions and must submit themselves to the scrutiny necessary to ensure this.

Openness

Holders of public office should act and take decisions in an open and transparent manner. Information should not be withheld from the public unless there are clear and lawful reasons for so doing.

Honesty

Holders of public office should be truthful.

Leadership

Holders of public office should exhibit these principles in their own behaviour. They should actively promote and robustly support the principles and be willing to challenge poor behaviour wherever it occurs.

Appendix B Registering interests

Within 28 days of becoming a member or your re-election or re-appointment to office you must register with the Monitoring Officer the interests which fall within the categories set out in **Table 1 (Disclosable Pecuniary Interests)** which are as described in “The Relevant Authorities (Disclosable Pecuniary Interests) Regulations 2012”. You should also register details of your other personal interests which fall within the categories set out in **Table 2 (Other Registerable Interests)**.

“Disclosable Pecuniary Interest” means an interest of yourself, or of your partner if you are aware of your partner's interest, within the descriptions set out in Table 1 below.

“Partner” means a spouse or civil partner, or a person with whom you are living as husband or wife, or a person with whom you are living as if you are civil partners.

1. You must ensure that your register of interests is kept up-to-date and within 28 days of becoming aware of any new interest, or of any change to a registered interest, notify the Monitoring Officer.
2. A ‘sensitive interest’ is as an interest which, if disclosed, could lead to the councillor, or a person connected with the councillor, being subject to violence or intimidation.
3. Where you have a ‘sensitive interest’ you must notify the Monitoring Officer with the reasons why you believe it is a sensitive interest. If the Monitoring Officer agrees they will withhold the interest from the public register.

Non participation in case of disclosable pecuniary interest

4. Where a matter arises at a meeting which directly relates to one of your Disclosable Pecuniary Interests as set out in **Table 1**, you must disclose the interest, not participate in any discussion or vote on the matter and must not remain in the room unless you have been granted a dispensation. If it is a ‘sensitive interest’, you do not have to disclose the nature of the interest, just that you have an interest. Dispensation may be granted in limited circumstances, to enable you to participate and vote on a matter in which you have a disclosable pecuniary interest.
5. [Where you have a disclosable pecuniary interest on a matter to be considered or is being considered by you as a Cabinet member in exercise of your executive function, you must notify the Monitoring Officer of the interest and must not take any steps or further steps in the matter apart from arranging for someone else to deal with it]

Disclosure of Other Registerable Interests

6. Where a matter arises at a meeting which **directly relates** to the financial interest or wellbeing of one of your Other Registerable Interests (as set out in **Table 2**), you must disclose the interest. You may speak on the matter only if members of the public are also allowed to speak at the meeting but otherwise must not take part in any discussion or vote on the matter and must not remain in the room unless you have been granted a dispensation. If it is a ‘sensitive interest’, you do not have to disclose the nature of the interest.

Disclosure of Non-Registerable Interests

7. Where a matter arises at a meeting which **directly relates** to your financial interest or well-being (and is not a Disclosable Pecuniary Interest set out in Table 1) or a financial interest or well-being of a relative or close associate, you must disclose the interest. You may speak on the matter only if members of the public are also allowed to speak at the meeting. Otherwise you must not take part in any discussion or vote on the matter and must not remain in the room unless you have been granted a dispensation. If it is a 'sensitive interest', you do not have to disclose the nature of the interest.
8. Where a matter arises at a meeting which **affects** –
 - a. your own financial interest or well-being;
 - b. a financial interest or well-being of a relative or close associate; or
 - c. a financial interest or wellbeing of a body included under Other Registerable Interests as set out in **Table 2**

you must disclose the interest. In order to determine whether you can remain in the meeting after disclosing your interest the following test should be applied

9. Where a matter (referred to in paragraph 8 above) **affects** the financial interest or well-being:
 - a. to a greater extent than it affects the financial interests of the majority of inhabitants of the ward affected by the decision and;
 - b. a reasonable member of the public knowing all the facts would believe that it would affect your view of the wider public interest

You may speak on the matter only if members of the public are also allowed to speak at the meeting. Otherwise you must not take part in any discussion or vote on the matter and must not remain in the room unless you have been granted a dispensation.

If it is a 'sensitive interest', you do not have to disclose the nature of the interest.

10. [Where you have an Other Registerable Interest or Non-Registerable Interest on a matter to be considered or is being considered by you as a Cabinet member in exercise of your executive function, you must notify the Monitoring Officer of the interest and must not take any steps or further steps in the matter apart from arranging for someone else to deal with it]

Appendix C – the Committee on Standards in Public Life

The LGA has undertaken this review whilst the Government continues to consider the recommendations made by the Committee on Standards in Public Life in their report on [Local Government Ethical Standards](#). If the Government chooses to implement any of the recommendations, this could require a change to this Code.

The recommendations cover:

- Recommendations for changes to the Localism Act 2011 to clarify in law when the Code of Conduct applies
- The introduction of sanctions
- An appeals process through the Local Government Ombudsman
- Changes to the Relevant Authorities (Disclosable Pecuniary Interests) Regulations 2012
- Updates to the Local Government Transparency Code
- Changes to the role and responsibilities of the Independent Person
- That the criminal offences in the Localism Act 2011 relating to Disclosable Pecuniary Interests should be abolished

The Local Government Ethical Standards report also includes Best Practice recommendations. These are:

Best practice 1: Local authorities should include prohibitions on bullying and harassment in codes of conduct. These should include a definition of bullying and harassment, supplemented with a list of examples of the sort of behaviour covered by such a definition.

Best practice 2: Councils should include provisions in their code of conduct requiring councillors to comply with any formal standards investigation and prohibiting trivial or malicious allegations by councillors.

Best practice 3: Principal authorities should review their code of conduct each year and regularly seek, where possible, the views of the public, community organisations and neighbouring authorities.

Best practice 4: An authority's code should be readily accessible to both councillors and the public, in a prominent position on a council's website and available in council premises.

Best practice 5: Local authorities should update their gifts and hospitality register at least once per quarter, and publish it in an accessible format, such as CSV.

Best practice 6: Councils should publish a clear and straightforward public interest test against which allegations are filtered.

Best practice 7: Local authorities should have access to at least two Independent Persons.

Best practice 8: An Independent Person should be consulted as to whether to undertake a formal investigation on an allegation, and should be given the option to review and comment on allegations which the responsible officer is minded to dismiss as being without merit, vexatious, or trivial.

Best practice 9: Where a local authority makes a decision on an allegation of misconduct following a formal investigation, a decision notice should be published as soon as possible

on its website, including a brief statement of facts, the provisions of the code engaged by the allegations, the view of the Independent Person, the reasoning of the decision-maker, and any sanction applied.

Best practice 10: A local authority should have straightforward and accessible guidance on its website on how to make a complaint under the code of conduct, the process for handling complaints, and estimated timescales for investigations and outcomes.

Best practice 11: Formal standards complaints about the conduct of a parish councillor towards a clerk should be made by the chair or by the parish council, rather than the clerk in all but exceptional circumstances.

Best practice 12: Monitoring Officers' roles should include providing advice, support and management of investigations and adjudications on alleged breaches to parish councils within the remit of the principal authority. They should be provided with adequate training, corporate support and resources to undertake this work.

Best practice 13: A local authority should have procedures in place to address any conflicts of interest when undertaking a standards investigation. Possible steps should include asking the Monitoring Officer from a different authority to undertake the investigation.

Best practice 14: Councils should report on separate bodies they have set up or which they own as part of their annual governance statement and give a full picture of their relationship with those bodies. Separate bodies created by local authorities should abide by the Nolan principle of openness and publish their board agendas and minutes and annual reports in an accessible place.

Best practice 15: Senior officers should meet regularly with political group leaders or group whips to discuss standards issues.

The LGA has committed to reviewing the Code on an annual basis to ensure it is still fit for purpose.

This means that we must be told about all facts and circumstances which may be material to the risks covered by the policy and that you must not make a misrepresentation to us about any material facts. As part of your duty of fair presentation, you must ensure that the information detailed within the schedule is correct and complete. A material fact is one which would influence the acceptance or assessment of the risk. If you have any doubt about facts considered material, it is in your interests to disclose them to us.

Failure to make a fair presentation of the risk could result in the policy either being avoided, written on different terms or a higher premium being charged, depending on the circumstances surrounding the failure to present the risk fairly.

This policy is compliant with the principles of the Insurance Act 2015 law reforms. It also incorporates an 'opt out' which has the aim to promote good customer outcomes. We have opted-out of the 'proportionate reduction of claim remedy' available to insurers under the Insurance Act 2015. This means that in cases of non-disclosure or misrepresentation which are neither deliberate nor reckless, if we would have charged an additional premium had we known the relevant facts, we will charge that premium and pay any claims in full rather than reducing claims payments in proportion to the amount of premium that would have been charged.

We believe that our 'additional premium approach' should, in most situations, be more favourable to our customers when compared to the proportionate reduction of claim remedy. Our additional premium approach does not affect our right to apply the other remedies available under the Act for non-disclosure or misrepresentation.

2. Cancellation

All insurance policies run for a fixed period of time. The Insured can terminate an insurance contract verbally or in writing at any time by calling 0800 917 9531 or emailing Customers.team@uk.zurich.com. Zurich may cancel the policy by giving 30 days' notice in writing. In such an event the insured will be entitled to a return of premium in respect of the unexpired portion of the period of insurance.

If you cancel your policy before the start date, you will be entitled to a full refund of premium. If you cancel within 14 days of the start date, you will be entitled to a full refund of premium, providing no claim has been made. After 14 days, if no claim has been made, we may offer a full or partial refund, depending on the time the policy was on risk and the circumstances at the time of the cancellation request. Please note, a cancellation charge of £50 may be applied.

3. Bonus and fee structure

Employees and businesses who carry out work for ZIC UK are remunerated in various different ways for selling insurance contracts. Risk Management Policy

Introduction

Risk Management is an essential feature of the Town Council's corporate governance arrangements. Risk Management applies to all areas of the Council's work and this policy outlines the overarching approach to Risk Management. This policy is supported by other approved policies, protocols and procedures.

Definition

Risk Management is the way that the Council responds to uncertainty in both the internal and external environment. Having a policy for risk management allows the Council to:

- Identify risks in the context of corporate objectives.
- Assess risks to determine and develop actions and controls to manage risks.
- Communicate with all stakeholders its process for identifying and managing risk.

Policy statement

Workington Town Council recognises that it has a responsibility to manage risks, both internal and external, and is therefore committed to the implementation of a risk management policy to protect the Council.

The Town Council recognises that risk management is an essential part of effective corporate governance and that the Council has a statutory duty to have in place arrangements for managing risk as stated in the Account and Audit Regulations.

Assessing risk

The Accounts and Audit Regulations 2015 require smaller authorities, each financial year, to conduct a review of the effectiveness of the system of internal control and prepare an annual governance statement in accordance with proper practices in relation to accounts. Risk management is part of the review and when completing The Annual Governance Statement for the external auditor, the Council is confirming the following assertion:

"Assertion 5: Risk Management

We carried out an assessment of the risks facing this authority and took appropriate steps to manage those risks, including the introduction of internal controls and/or external insurance cover where required."

To warrant a positive response to this assertion, the Council needs to have the following arrangements in place:

- 1) Identifying and assessing risks. The Council needs to identify, assess and record risks associated with actions and decisions it has taken or considered taking during the year that could have financial or reputational consequences.
- 2) Addressing risks. Having identified, assessed and recorded the risks, the Council needs to address them by ensuring that appropriate measures are in place to mitigate and manage risk which will include the use of internal controls and insurance cover.

- The annual review of the internal control policy.
- The annual review of the corporate financial regulations.
- The Council maintains a documented Governance and Finance Schedule that it monitors and manages across the year.

Reviewing our risk

The risk assessment template used to prepare the corporate risk assessments is the Health and Safety Executive corporate template.

Risk Assessments are a continual process and whilst they are reviewed annually, they are live documents which form an essential part of service delivery.

Reporting of risks

The risk assessments and supporting policies are reviewed annually by the Finance and General Purposes Committee.

WORKINGTON TOWN COUNCIL **COMPLAINTS POLICY AND PROCEDURE**

Introduction

Workington Town Council is committed to providing high quality services to its customers and community, but in any organisation things sometimes go wrong. Where people contact us to say we have not provided a satisfactory service, we treat this as a complaint and take it very seriously.

1. Complaints Procedure

Our aim is to swiftly investigate all complaints in an impartial manner and to find a solution locally, whenever possible, to the satisfaction of both the complainant and the Council.

- a. All formal complaints about the council must be communicated in writing.
- b. Complaints may use the standard form provided but are not obliged to.
- c. A complaint will be treated in confidence, and the complainant's personal data shall be protected under the Data Protection Act 1998.
- d. A complaint about the council, or its officers, will be acknowledged in writing within 14 days.

2. What is a Complaint?

- 2.1 The complaints procedure does not cover initial reports to the Council about problems or defects (such as damage to play equipment) but if you are not satisfied with the response, you can use the Complaints procedure.
- 2.2 Neither is it an appeals system against Council decisions which were properly taken, or as a means of arbitration. It exists to check that everything is done properly, and that correct procedures and policies were followed.
- 2.3 A complaint is an expression of dissatisfaction about the standard of service provided by the Council or its staff. The following procedure is intended to cover those situations which are not simply requests for services but where things have gone wrong. It does not normally apply where a complaint could be pursued through the Courts or there is a formal right of appeal.

3. How to make a Complaint

- 3.1 The following procedure is for dealing with complaints about the Council's administration or its procedures. Complaints about a policy decision made by the Council will be referred to the Full Council, or relevant Committee, as appropriate, for consideration.
- 3.2 This procedure does not cover complaints about the conduct of a Member of the Town Council. All complaints concerning Councillors are dealt with through the Cumberland Council Monitoring Officer and the Chief Officer will provide any complainant with the details of how that type of complaint is managed.
- 3.3 If a complaint about procedures, administration or the actions of any of the Council's employees is notified orally to a Councillor, or to the Chief Officer, a written record of the complaint will be made, noting the name and contact details of the complainant and the nature of the complaint.
- 3.4 The complainant will be asked to put the complaint in writing (letter/e-mail/standard form) to the Chief Officer. The complaint will be dealt with within 14 working days of receipt.
- 3.5 Refusal to put the complaint in writing does not necessarily mean that the complaint cannot be investigated, but it is easier to deal with if it is in writing. The Council will not generally deal with anonymous complaints, but you can be assured of confidentiality where this is appropriate or requested.
- 3.6 If the complainant prefers not to put the complaint to the Chief Officer (because the matter relates to the Chief Officer, for example,) they are advised to write to The Mayor.

4. Managing a Complaint

- 4.1 On receipt of a written complaint:
 - a. The Chief Officer (except where the complainant is about their own actions) or The Mayor (if the complaint relates to the Chief Officer), will seek to settle the complaint directly with the complainant. This will not be done without first notifying any person complained about and giving him or her the opportunity to comment. Efforts should be made to resolve the complaint at this stage.
 - b. Where the Chief Officer or a Councillor receives a written complaint about the Chief Officer's own actions, they shall refer the complaint to the Mayor. The Chief Officer will be formally advised of the matter and given an opportunity to comment.
- 4.2 The Chief Officer (or Mayor) will report any complaint dealt with by direct action with the complainant to the next meeting of the Full Council or other relevant Committee, where appropriate.

- 4.3 The Chief Officer (or Mayor) will report any complaint that has not been resolved to the next meeting of the Full Council or other relevant Committee, where appropriate.

The Chief Officer will notify the complainant of the date on which the complaint will be considered, and the complainant will be offered an opportunity to explain the complaint to the meeting orally.

- 4.4 Matters relating to Grievance or Disciplinary proceedings that are taking, or are likely to take place, should be dealt with in accordance with the Council's grievance and disciplinary procedures.
- 4.5 The Council may consider whether the circumstances of any complaint warrant the matter being discussed in the absence of the press and public, but any decision on the complaint will be announced at the relevant Council meeting in public, where appropriate.
- 4.6 The Council may consider in the circumstances of any complaint whether to make any without liability payment or provide other reasonable benefit to any person who has suffered loss as a result of the Council's maladministration. Any payment may only be authorised by the Council after obtaining legal advice and advice from the Council's auditor on the propriety of such a payment.
- 4.7 As soon as possible after the decision has been made (and in any event not later than 10 days after the meeting) the complainant will be notified in writing of the decision and any action to be taken.
- 4.8 The Council may defer dealing with any complaint if it is of the opinion that further advice is necessary. The advice will be considered, and the complaint dealt with at the next meeting after the advice has been received.
- 4.9 Please note, there is currently no external agency or government body who can investigate a complaint.

Communications Policy

Introduction

Workington Town Council is accountable to the local community for its actions, which can only be achieved through effective communications. The Town Council recognises that to increase public awareness of services and facilities, a constructive and positive relationship with the media is essential. The purpose of this policy is to define the roles and responsibilities within Workington Town Council for working with the media and a procedure on how to deal with issues that may arise when dealing with the media. 'Media' is defined in this policy as the press, radio, TV broadcasting, and internet publications.

1. Legal Responsibility

- 1.1 The law governing communications in local authorities can be found in the Local Government Acts 1986 and 1988, The Freedom of Information Act 2000 and the Transparency Code 2015, as a minimum. The Council must also have regard to the governments Code of Recommended Practice on Local Authority Publicity.
- 1.2 The Town Council's adopted Standing Orders should be adhered to.

2. Contacting the Council

- 2.1 Between meetings the point of contact for the Town Council is the Chief Officer/RFO, and it is to the Chief Officer/RFO that all correspondence, in whatever format, should be addressed. Email is the preferred method of contact.
- 2.2 Correspondents with the Council should be aware that any communication received by the Council may, at its discretion, be placed in the public domain.
- 2.3 Anonymous communications will either be passed to the Police if they contain accusations of a criminal nature, or they will be destroyed by the recipient without further circulation.

3. Council Documents

- 3.1 The agenda for council meetings will contain enough information to provide an understanding by the public of the topics to be discussed and any decisions to be taken.
- 3.2 The agenda will be published 3 clear workings days prior to the meeting.
- 3.3 Minutes of the meeting will be published in draft as soon as possible after the meeting and within a maximum of 28 days. Minutes will record all decisions made.
- 3.4 Requests for documents under the Freedom of Information Act will be charged according to current legislation and guidance.
- 3.5 For all other requests the Council will make a charge of 25p per page for supplying copies of documents plus postage. Council may levy an hourly charge for the Chief

Officer/RFO's time in researching, retrieving and redacting documents. Such charge will reflect the Chief Officer/RFO's hourly rate.

- 3.6 Documents considered at a meeting will be uploaded onto the Council's website for at least a year following the meeting and the signed minutes will be kept by the Chief Officer/RFO in a folder in accordance with the Local Government Act 1972 Sch. 12 para 41.
- 3.7 Requests for documents not available on the website should be made to the Chief Officer/RFO. Such requests will be responded to if and as soon as, resources allow.

3. Contact with the Media

- 3.1 The Chief Officer/RFO, employees and Members should always have due regard for the long-term reputation of the Town Council in all their dealing with the media. Councillors who are asked for comment by other agencies, the press or members of the public, should make it clear that it is their personal view being given unless it has been agreed that that Member has been specifically tasked with reporting the view of WTC.
- 3.2 Copies of any correspondence between Councillors and other parties should be sent to the Chief Officer/RFO as soon as possible.
- 3.3 When the media wish to discuss an issue that is, or is likely to be, subject to legal proceedings then advice should be taken from Workington Town Council's solicitor before any response is made.
- 3.4 In accordance with Data Protection and Freedom of Information legislation, instances that may involve the release of personal information or sensitive information must be dealt with by the Chief Officer/RFO.
- 3.5 When responding to approaches from the media, statements made by the Chief Officer/RFO, employees and Members should reflect the Council's opinion as resolved at committee meetings.
- 3.6 There are occasions when it is appropriate for the Town Council to submit a letter to the media in response to an issue, to explain policies etc. Such letters should be kept brief and balanced in tone and correspondence should not be drawn out over several weeks.
- 3.7 Should a member wish to submit a letter to the press on any subject they should not use the term 'Town Council' or give the impression, directly or implied, that they are writing on behalf of the Council.

- 3.8 Any doubt about information that can or cannot be provided to the media can be clarified in Workington Town Council's Data Protection Policy and Freedom of Information Procedures or with the Chief Officer/RFO.
- 3.9 Any complaints received by Councillors or the Chief Officer/RFO should be handled under the Council's complaints procedure.
- 3.10 Confidential documents, exempt minutes, reports, papers and private correspondence should not be provided to the media. If such instances do occur, an investigation will take place.

4. Council Meetings

- 4.1 The main method of communication by WTC with residents and the public is committee meetings, Full Council meetings and social media. These meetings are supported by information posted on its website and noticeboards some of which is required by the governments transparency code for smaller authorities (see <https://www.gov.uk/government/publications/transparency-code-for-smaller-authorities>)
- 4.2 An up-to-date schedule of council meetings will be published monthly in advance.
- 4.3 Members of the public and press have the right to attend all meetings of WTC as observers. Participation by members of the public, at meetings, is permitted only in accordance with the agenda and at the discretion of the Chair of the meeting.
- 4.4 The media are encouraged to attend Council meetings, seating and workspace will be made available if required.
- 4.5 Any filming, taping or broadcasting of Council or Committee proceedings by the media must comply with current transparency guidelines. No prior permission is required; however, the Chair must be informed (at the beginning of the meeting) by any person who wishes to record or broadcast the proceedings and the Chair must inform those present if a recording is being made by the council.
- 4.6 If a meeting is filmed, the members of the media filming must ensure that:
 - a) The activity does not disrupt the meeting and is contained to areas designated to the public.
 - b) Disruptive behaviour is any action or activity which disrupts the conduct of the meetings or impedes other members of the public (including but not exclusive to moving outside of the public area, excessive noise or setting (& resetting) equipment during the proceedings.
 - c) The Chair can suspend the meeting if any person is acting in a disruptive manner.

d) The rights of those being filmed or broadcast are respected – those who do not wish to be recorded will be provided with a space where they are not recorded – recording of the public must be kept to a minimum with focus on the proceedings.

e) Any person or organisation choosing to record or broadcast any meeting of this council is liable for any claims or other liabilities resulting.

f) Any editing does not open to misinterpretation of the proceedings, or disrepute's the core values of the Council.

4.7 Meetings or part of meetings from which the press and public are excluded may not be recorded or broadcast.

4.8 Confidential sections of meetings are not covered by transparency regulations and may not be recorded or broadcast if doing so breaches the confidentiality of the session.

4.9 The Local Government Act 1972 requires the agendas, reports and minutes are sent to the media on request.

5. Press Releases

5.1 The purpose of a press release is to make the media aware of a potential story, to provide important public information or to explain the Town Council's position on a particular issue. It is the responsibility of the Chief Officer/RFO, employees and Members to look for opportunities where the issuing of a press release may be beneficial.

6. Elections

The Code of Recommended Practice on Local Authority Publicity contains guidance for providing publicity for Members and for publicity during elections.

6.1 The Town Council will not use resources to publicise individual Members unless it is relevant to the position they hold in the Council.

6.2 The Council will not quote any Member in a news release or involve them in proactive publicity events during the election period, regardless of whether they are standing for election. The only exception to this (as laid down in the Code of Recommended Practice on Local Authority Publicity) is during an emergency or where there is a genuine need for a member level response to an important event outside the control of the Council. In this situation, Members holding key civic positions should be able to comment.

7. Notices & Social Media

7.1 The Town Council's website will be used for the advertising of agenda, minutes and other council information.

- 7.3 The Town Council's Matrix Boards will be used to advertise relevant non-profit events in Workington. Details on how the Matrix boards are used can be found in the Matrix Board Scheduling Policy.
- 7.4 The Council's website and Social Media platforms will be used to convey information on matters of interest and latest news.
- 7.5 Social media sites are in the public domain and it is important that Members and employees ensure that they are confident of the nature of the information they publish.
- 7.6 In their use of social media, Members and employees must always observe the principles stated in this policy. This includes content which may result in action for defamation, discrimination, breaches of copyright, data protection or other claims for damages that may bring the Council into disrepute.

8. Communication with Members of Principal Councils and Parliament

All correspondence received from Members of Principal Councils and Parliament or their offices on matters which are the business of the Town Council or relate to the policies or functions of the Council or the implementation of such policies or functions is the corporate business of the Council and, if received by an individual member, is to be forwarded to the Chief Officer/RFO for consideration and response in accordance with the procedures of the Council. Members of Council may not represent the views of the Council to members of principal councils or parliament unless they have been specifically delegated to do so.

Freedom of Information

1. Introduction

The Freedom of Information Act 2000 ("FOIA") is an Act of Parliament that sets out a public "right to know" in relation to public bodies, including Non-Departmental Public Bodies ("NDPBs"). The FOIA also sets out certain exemptions to those rights.

The purpose of the Freedom of Information Policy (hereinafter referred to as "Policy") is to outline Workington Town Council's ("WTC") approach to its FOIA obligations to create a climate of openness and dialogue with its stakeholders and customers.

This policy is applicable to all WTC staff (including all permanent, temporary and contract workers employed or engaged by WTC or any 3rd party organisations while at work or engaged on WTC business) and any members of the public who request information under the FOIA.

2. Managing requests

WTC is required to respond to requests for information. Information is defined in the FOIA as meaning "information recorded in any form". This is interpreted as including paper records, e-mails, information stored on computer, voicemail messages, handwritten notes or any other form of recorded information. Information, which is known to staff, however not recorded, is not covered by the FOIA.

All official information which is recorded is covered by the FOIA, irrespective of classification or format.

The Chief Officer/RFO is responsible for the processing and monitoring of FOI requests.

The dedicated routes for FOI requests are:

- by email to: office@workingtontowncouncil.gov.uk; or
- by post to: Workington Town Council, Town Hall, Oxford Street, Workington, CA14 2RS.

WTC staff who receive written requests for information under the FOIA (including any requests which do not specifically mention the FOIA) must forward these immediately to the Chief Officer/RFO

emma.chapman@workingtontowncouncil.gov.uk or to Workington Town Council, Town Hall, Oxford Street, Workington, CA14 2RS.

Workington Town Council

Town Hall, Oxford Street, Workington. CA14 2RS

Telephone: 01900 702986

Email: office@workingtontowncouncil.gov.uk

Website: www.workingtontowncouncil.gov.uk

Where an oral request is made, the requester should be advised to put their request in writing.

The FOIA imposes strict time limits for dealing with a request for information. The Chief Officer/RFO will issue a response within 20 working days from the date upon which the written request is received by WTC unless clarification of the request has been sought from the requester or an extension to the statutory timescales is sought by WTC under section 10(3) of the FOIA.

3. Other regimes

The FOIA covers rights of access to and requests for non-personal data. Data protection legislation (including the General Data Protection Regulation) covers the rights individuals have in respect of their personal data, including rights of access. Personal information is exempt under section 40 of the FOIA and the processing of personal data will continue to be regulated by applicable data protection legislation. Any application for access to personal information of which the requester is the subject will be classed as a request under data protection legislation and treated accordingly. The requester will be advised to this effect.

The Environmental Information Regulations ("EIRs") deal specifically with information relating to any decisions, activities and policy formulation that may have an impact on the environment. Environmental information is exempt information under section 39 of the FOIA. Requests for environmental information will be handled in an analogous manner to requests for information made under the FOIA. However, it should be noted that the EIRs do not specify that requests must be in writing. This means that telephone requests on environmental matters will also be valid (although in practice it is advisable to make a written record of any verbal requests received).

4. WTC FOI Publication Scheme

Under the FOIA, all public authorities are obliged to adopt and maintain a Publication Scheme specifying:

- the classes of information that they publish or intend to publish; and
- how the information is or will be published.

WTC's FOI Publication Scheme can be found on www.workingtontowncouncil.gov.uk or alternatively, a copy can be requested by contacting WTC by either the email or postal address stated at paragraph 2.5 above.

WTC will periodically review the FOI Publication Scheme and make amendments and updates where appropriate.

Workington Town Council

Town Hall, Oxford Street, Workington. CA14 2RS

Telephone: 01900 702986

Email: office@workingtontowncouncil.gov.uk

5. Fees

Where possible, WTC will not charge requesters a fee for complying with requests however it reserves the right to do so. If WTC determines that a fee will be charged for complying with the request, a fee notice will be issued to the applicant in accordance with section 9 of the FOIA.

6. Provision of information

WTC will seek to provide the requested information, subject to the application of any statutory exemption under the FOIA.

In responding to requests for information, WTC will have regard to any preferences expressed by the requester as to the form of communication. Where it is not reasonably practicable to comply with any preference expressed, WTC will notify the requester of the reasons for this determination.

7. Advice and assistance

WTC has a duty, so far as it is reasonable to do so, to give advice and assistance to anyone who has made a request or is considering making one.

8. Procedure for making a request

Requesters are required to put a request in writing – in the form of a letter or email, supplying their name and address and an address for correspondence and describing the specific information they are seeking. Requests need not refer to/quote FOI legislation (but it may be helpful to do so). Requesters should address their requests to the Chief Officer/RFO.

The Chief Officer/RFO may contact the requester to clarify the terms/scope of the request and to give advice and assistance as needed.

9. Exemptions

Where information is held by WTC, the information will not be withheld unless:

- an exemption to disclosure under Part II of the FOIA applies.
- it would cost too much to comply with the request.
- the request is considered vexatious; and/ or
- the request is repeated.

Workington Town Council

Town Hall, Oxford Street, Workington. CA14 2RS
Telephone: 01900 702986
Email: office@workingtontowncouncil.gov.uk
Website: www.workingtontowncouncil.gov.uk

The exemptions to disclosure set out in the FOIA include non-disclosure in matters of a sensitive commercial nature or where disclosure would prejudice the effective conduct of public affairs.

Some of the FOIA exemptions are absolute exemptions, for example, if the information is personal data. If an absolute exemption applies, then WTC does not need to release the information. The remaining exemptions are qualified exemptions that require WTC to apply the public interest test in deciding whether to release the information. In considering the public interest, WTC will consider:

- whether the public interest in maintaining the exclusion of the duty to confirm or deny that information is held outweighs the public interest in disclosing whether WTC holds the information; and/or
- whether the public interest in withholding information outweighs the public interest in releasing it.

Where the public interest test is relevant, WTC will apply it separately to each piece of potentially exempt information.

Where a document cannot be released in its entirety, WTC will endeavour to release what it is able to, in as intelligible a format as possible.

Where information is not held, WTC will seek to provide appropriate advice and assistance to the requester.

10. Consultation with Third Parties

WTC may consult with a third party if:

- the views of that third party may assist WTC to determine whether an exemption under the FOIA applies to the information requested; and/or
- where the views of the third party may assist WTC to determine where the public interest lies under section 2 of the FOIA.

11. Refusal of requests

Where WTC refuses a request, it will give the requester a notice setting out the reasons for the refusal.

When any written request is refused, WTC will notify the requester of the internal review process and their right under section 50 of the FOIA to apply to the Information Commissioner for a Decision Notice.

Workington Town Council

Town Hall, Oxford Street, Workington. CA14 2RS
Telephone: 01900 702986
Email: office@workingtontowncouncil.gov.uk
Website: www.workingtontowncouncil.gov.uk

WTC reserves the right to refuse to respond to a request for information if it exceeds the value of £450 to process in terms of staff time and disbursements. The £450 is calculated to be 18 hours of staff time based on an hourly rate of £25 per hour, which is provided for by Regulation 4 of the Freedom of Information and Data Protection (Appropriate Limit and Fees) Regulations 2004.

12. Internal review process

If a requester is unhappy with:

- the way in which their request has been handled.
- is dissatisfied with the decision made regarding disclosure or non-disclosure of information; and/or
- is of the opinion that WTC is not compliant with its Publication Scheme,

they can request an internal review. All responses issued by WTC will provide the requester with details on how to request such an internal review.

The Chief Officer/RFO has overall responsibility for the internal review procedure. The Chair of the Finance and General Purposes Committee will be responsible for any internal review, using third parties where necessary.

The internal reviewer will review the way the request was dealt with and is empowered to either uphold or overturn the original decision.

WTC will only consider requests for an internal review which are made within 2 months of the date of the response to the requester.

The requester will be notified as to the outcome within a reasonable timescale. WTC aims to deal with internal reviews within 20 working days of receipt thereof. If it becomes clear at any stage of the internal review that WTC will not be able to meet this target, the requester will be notified.

13. The Information Commissioner

The Information Commissioner's Office ("ICO") is the UK's independent authority set up to promote access to official information. If the requester remains dissatisfied with the decision made as a result of the internal review procedure, they can, under section 50 of the FOIA, complain to the Information Commissioner by writing to the ICO at Wycliffe House, Water Lane, Wilmslow, Cheshire SK9 5AF (www.ico.org.uk) to apply for a decision as to whether the request has been dealt with in accordance with the requirements of Part 1 of the FOIA.

Town Hall, Oxford Street, Workington. CA14 2RS

Telephone: 01900 702986

Email: office@workingtontowncouncil.gov.uk

A Decision Notice will be served if the Information Commissioner decides that WTC has failed to:

- communicate information.
- confirm or deny where required to do so by section 1(1) of the FOIA;
- comply with requirements of section 11 of the FOIA (which refers to the manner of communication in response to a request for information); or
- comply with any of the requirements of section 17 of the FOIA (which refers to the refusal of a request for information).

The Decision Notice will specify the steps, which must be taken by WTC to comply with the FOIA and the timescale for compliance.

The Information Commissioner can serve an Information Notice on WTC requiring the provision of specified information to them (unless legal professional privilege applies).

If the Information Commissioner is satisfied that WTC has failed to comply with any of the requirements under Part 1 of the FOIA, they may serve an Enforcement Notice on WTC, requiring WTC to take steps within a specified time to comply with those requirements.

All public authorities may appeal to the First-Tier Tribunal (Information Rights) against Decision Notices and Information and Enforcement Notices.

Service of an Information Notice, Decision Notice or an Enforcement Notice by the Information Commissioner on the Council will be immediately reported to the Mayor and to the Chair of the F & GP Committee who shall urgently call a meeting of that committee to consider the notice(s).

14. Reasonable adjustments and alternative formats

WTC is committed to equal opportunities and our aim is to make this policy easy to use and accessible to all. We will take reasonable steps to accommodate any reasonable adjustments required to:

- enable access to this policy;
- provide responses to requests in other formats; or
- provide such assistance as may reasonably be required.

Should a copy of this policy be required in an alternative format, such as Braille, audio CD or large print, please get in touch using the contact details set out in section 2 above.

11. Additional Notes on Handling Data from the Disclosure and Barring Service

11.1 As an organisation using the Disclosure and Barring Service (DBS) checking service to help assess the suitability of applicants for positions of trust, Workington Town Council complies fully with the code of practice regarding the correct handling, use, storage, retention and disposal of certificates and certificate information.

It also complies fully with its obligations under the Data Protection Act 1998 and other relevant legislation pertaining to the safe handling, use, storage, retention and disposal of certificate information and has a written policy on these matters, which is available to those who wish to see it on request.

11.2 Storage and access

Certificate information should be kept securely, in lockable, non-portable, storage containers with access strictly controlled and limited to those who are entitled to see it as part of their duties.

11.3 Handling

In accordance with section 124 of the Police Act 1997, certificate information is only passed to those who are authorised to receive it in the course of their duties. We maintain a record of all those to whom certificates or certificate information has been revealed and it is a criminal offence to pass this information to anyone who is not entitled to receive it.

To note: those registered care homes which are inspected by the Care Quality Commission (CQC), those organisations which are inspected by Ofsted and those establishments which are inspected by the Care and Social Services Inspectorate for Wales (CSSIW) may retain the certificate until the next inspection.

Once the inspection has taken place the certificate should be destroyed in accordance with the [code of practice](#).

11.4 **Usage**

Certificate information is only used for the specific purpose for which it was requested and for which the applicant's full consent has been given.

11.5 **Retention**

Once a recruitment (or other relevant) decision has been made, we do not keep certificate information for any longer than is necessary. This is generally for a period of up to six months, to allow for the consideration and resolution of any disputes or complaints.

If, in very exceptional circumstances, it is considered necessary to keep certificate information for longer than six months, we will consult the DBS about this and will consider the Data Protection and Human Rights of the individual before doing so.

Throughout this time, the usual conditions regarding the safe storage and strictly controlled access will prevail.

11.6 **Disposal**

Once the retention period has elapsed, we will ensure that any DBS certificate information is immediately destroyed by secure means, for example by shredding, pulping or burning. While awaiting destruction, certificate information will not be kept in any insecure receptacle (e.g. waste bin or confidential waste sack).

We will not keep any photocopy or other image of the certificate or any copy or representation of the contents of a certificate. However, notwithstanding the above, we may keep a record of the date of issue of a certificate, the name of the subject, the type of certificate requested, the position for which the certificate was requested, the unique reference number of the certificates and the details of the recruitment decision taken.

Grievance Policy

Introduction

1. This policy is based on and complies with the 2015 ACAS Code of Practice (<http://www.acas.org.uk/index.aspx?articleid=2174>). It also takes account of the ACAS guide on discipline and grievances at work (https://www.acas.org.uk/media/1043/Discipline-and-grievances-at-work-The-Acas-guide/pdf/DG_Guide_Feb_2019.pdf). It aims to encourage and maintain good relationships between the Council and its employees by treating grievances seriously and resolving them as quickly as possible. It sets out the arrangements for employees to raise their concerns, problems or complaints about their employment with the Council. The policy will be applied fairly, consistently and in accordance with the Equality Act 2010.
2. Many problems can be raised and settled during the course of everyday working relationships. Employees should aim to settle most grievances informally with their line manager.
3. This policy confirms:
 - employees have the right to be accompanied or represented at a grievance meeting or appeal by a companion who can be a workplace colleague, a trade union representative or a trade union official. This includes any meeting held with them to hear about, gather facts about, discuss, consider or resolve their grievance. The companion will be permitted to address the grievance/appeal meetings, to present the employee's case for his /her grievance/appeal and to confer with the employee. The companion cannot answer questions put to the employee, address the meeting against the employee's wishes or prevent the employee from explaining his/her case.
 - the Council will give employees reasonable notice of the date of the grievance/appeal meetings. Employees and their companions must make all reasonable efforts to attend. If the companion is not available for the proposed date of the meeting, the employee can request a postponement and can propose an alternative date that is within five working days of the original meeting date unless it is unreasonable not to propose a later date
 - any changes to specified time limits must be agreed by the employee and the Council

- an employee has the right to appeal against the decision about his/her grievance. The appeal decision is final
- information about an employee's grievance will be restricted to those involved in the grievance process. A record of the reason for the grievance, its outcome and action taken is confidential to the employee. The employee's grievance records will be held by the Council in accordance with the General Data Protection Regulation (GDPR)
- audio or video recordings of the proceedings at any stage of the grievance procedure are prohibited, unless agreed by all affected parties as a reasonable adjustment that takes account of an employee's medical condition
- if an employee who is already subject to a disciplinary process raises a grievance, the grievance will normally be heard after completion of the disciplinary procedure
- if a grievance is not upheld, no disciplinary action will be taken against an employee if he/she raised the grievance in good faith
- the Council may consider mediation at any stage of the grievance procedure where appropriate, (for example where there have been communication breakdowns or allegations of bullying or harassment). Mediation is a dispute resolution process which requires the consent of affected parties
- Employees can use all stages of the grievance procedure if the complaint is not a code of conduct complaint about a councillor. Employees can use the informal stage of the council's grievance procedure (paragraph 4) to deal with all grievance issues, including a complaint about a councillor. Employees cannot use the formal stages of the council's grievance procedure for a code of conduct complaint about a councillor. If the complaint about the councillor is not resolved at the informal stage, the employee can contact the monitoring officer of Cumberland Council who will inform the employee whether or not the complaint can be dealt with under the code of conduct. If it does not concern the code of conduct, the employee can make a formal complaint under the council's grievance procedure (see paragraph 5)
- If the grievance is a code of conduct complaint against a councillor, the employee cannot proceed with it beyond the informal stage of the council's grievance procedure. However, whatever the complaint, the council has a duty of care to its employees. It must take all reasonable steps to ensure employees have a safe working environment, for example by undertaking risk assessments, by ensuring staff and councillors are properly trained and by protecting staff from bullying, harassment and all forms of discrimination
- If an employee considers that the grievance concerns his or her safety within the working environment, whether or not it also concerns a complaint against a councillor, the employee should raise these safety concerns with his or her line manager at the informal stage of the grievance procedure. The council will consider whether it should take further action in this matter in accordance with any of its employment policies (for example its health and safety policy or its dignity at work policy) and in accordance with the code of conduct regime

Informal grievance procedure

4. The Council and its employees benefit if grievances are resolved informally and as quickly as possible. As soon as a problem arises, the employee should raise it with his/her manager to see if an informal solution is possible. (For the purposes of this policy, the Clerk's manager is the Chair of Staffing Committee). Both should try to

resolve the matter at this stage. If the employee does not want to discuss the grievance with his/her manager (for example, because it concerns the manager), the employee should contact the Chairman of the staffing committee or, if appropriate, another member of the staffing committee. If the employee's complaint is about a councillor, it may be appropriate to involve that councillor at the informal stage. This will require both the employee's and the councillor's consent.

Formal grievance procedure

5. If it is not possible to resolve the grievance informally and the employee's complaint is not one that should be dealt with as a code of conduct complaint (see above), the employee may submit a formal grievance. It should be submitted in writing to the Chairman of the staffing committee.
6. The staffing committee will appoint a sub-committee of three members to hear the grievance. The sub-committee will appoint a Chairman from one of its members. No councillor with direct involvement in the matter shall be appointed to the sub-committee.

Investigation

7. If the sub-committee decides that it is appropriate, (e.g. if the grievance is complex or is raised by the Clerk), it may appoint an independent investigator to carry out an investigation before the grievance meeting to establish the facts of the case. The investigation may include interviews (e.g. the employee submitting the grievance, other employees, councillors or members of the public).
8. The investigator will summarise their findings (usually within an investigation report) and present their findings to the sub-committee.

Notification

9. Within 10 working days of the Council receiving the employee's grievance (this may be longer if there is an investigation), the employee will normally be asked, in writing, to attend a grievance meeting. The written notification will include the following:
 - the names of its Chairman and other members
 - the date, time and place for the meeting. The employee will be given reasonable notice of the meeting which will normally be within 25 working days of when the Council received the grievance
 - the employee's right to be accompanied by a workplace colleague, a trade union representative or a trade union official
 - a copy of the Council's grievance policy
 - confirmation that, if necessary, witnesses may attend (or submit witness statements) on the employee's behalf and that the employee should provide the names of his/her witnesses as soon as possible before the meeting
 - confirmation that the employee will provide the Council with any supporting evidence in advance of the meeting, usually with at least two days' notice
 - findings of the investigation if there has been an investigation

- an invitation for the employee to request any adjustments to be made for the hearing (for example where a person has a health condition).

The grievance meeting

10. At the grievance meeting:

- the Chairman will introduce the members of the sub-committee to the employee
- the employee (or companion) will set out the grievance and present the evidence
- the Chairman will ask the employee questions about the information presented and will want to understand what action does he/she wants the Council to take
- any member of the sub-committee and the employee (or the companion) may question any witness
- the employee (or companion) will have the opportunity to sum up the case
- a grievance meeting may be adjourned to allow matters that were raised during the meeting to be investigated by the sub-committee.

11. The Chairman will provide the employee with the sub-committee's decision, in writing, usually within five working days of the meeting. The letter will notify the employee of the action, if any, that the Council will take and of the employee's right to appeal.

The appeal

12. If an employee decides that his/her grievance has not been satisfactorily resolved by the sub-committee, he/she may submit a written appeal to the staffing committee. An appeal must be received by the Council within five working days of the employee receiving the sub-committee's decision and must specify the grounds of appeal.

13. Appeals may be raised on a number of grounds, e.g.:

- a failure by the Council to follow its grievance policy
- the decision was not supported by the evidence
- the action proposed by the sub-committee was inadequate/inappropriate
- new evidence has come to light since the grievance meeting.

14. The appeal will be heard by a panel of three members of the staffing committee who have not previously been involved in the case. There may be insufficient members of the staffing committee who have not previously been involved. If so, the appeal panel will be a committee of three Council members who may include members of the staffing committee. The appeal panel will appoint a Chairman from one of its members.

15. The employee will be notified, in writing, usually within 10 working days of receipt of the appeal of the time, date and place of the appeal meeting. The meeting will normally take place within 25 working days of the Council's receipt of the appeal. The employee will be advised that he/she may be accompanied by a workplace colleague, a trade union representative or a trade union official.

16. At the appeal meeting, the Chairman will:

- introduce the panel members to the employee
- explain the purpose of the meeting, which is to hear the employee's reasons for appealing against the decision of the staffing sub-committee
- explain the action that the appeal panel may take.

17. The employee (or companion) will be asked to explain the grounds of appeal.

18. The Chairman will inform the employee that he/she will receive the decision and the panel's reasons, in writing, within five working days of the appeal meeting.

19. The appeal panel may decide to uphold the decision of the staffing committee or substitute its own decision.

20. The decision of the appeal panel is final.

Disciplinary Policy

Introduction

1. This policy is based on and complies with the 2015 ACAS Code of Practice (<http://www.acas.org.uk/index.aspx?articleid=2174>). It also takes account of the ACAS guide on discipline and grievances at work (https://www.acas.org.uk/media/1043/Discipline-and-grievances-at-work-The-Acas-guide/pdf/DG_Guide_Feb_2019.pdf). The policy is designed to help Council employees improve unsatisfactory conduct and performance in their job. Wherever possible, the Council will try to resolve its concerns about employees' behaviour informally, without starting the formal procedure set out below.
2. The policy will be applied fairly, consistently and in accordance with the Equality Act 2010.
3. This policy confirms:
 - informal coaching and supervision will be considered, where appropriate, to improve conduct and / or attendance
 - the Council will fully investigate the facts of each case
 - the Council recognises that misconduct and unsatisfactory work performance are different issues. The disciplinary policy will also apply to work performance issues to ensure that all alleged instances of employees' underperformance are dealt with fairly and in a way that is consistent with required standards. However, the disciplinary policy will only be used when performance management proves ineffective. For more information see ACAS "Performance Management" at <https://www.acas.org.uk/index.aspx?articleid=6608>
 - employees will be informed in writing about the nature of the complaint against them and given the opportunity to state their case
 - employees will be provided, where appropriate, with written copies of evidence and relevant witness statements in advance of a disciplinary hearing
 - employees may be accompanied or represented by a companion – a workplace colleague, a trade union representative or a trade union official - at any investigatory, disciplinary or appeal meeting. The companion is permitted to address such meetings, to put the employee's case and confer with the employee. The companion

cannot answer questions put to the employee, address the meeting against the employee's wishes or prevent the employee from explaining his/her case

- the Council will give employees reasonable notice of any meetings in this procedure. Employee must make all reasonable efforts to attend. Failure to attend any meeting may result in it going ahead and a decision being taken. An employee who does not attend a meeting will be given the opportunity to be represented and to make written submissions
- if the employee's companion is not available for the proposed date of the meeting, the employee can request a postponement and can propose an alternative date that is within five working days of the original meeting date unless it is unreasonable not to propose a later date
- any changes to specified time limits in the Council's procedure must be agreed by the employee and the Council
- information about an employee's disciplinary matter will be restricted to those involved in the disciplinary process. A record of the reason for disciplinary action and the action taken by the Council is confidential to the employee. The employee's disciplinary records will be held by the Council in accordance with the General Data Protection Regulation (GDPR)
- audio or video recordings of the proceedings at any stage of the disciplinary procedure are prohibited, unless agreed by all affected parties as a reasonable adjustment that takes account of an employee's medical condition
- employees have the right to appeal against any disciplinary decision. The appeal decision is final
- if an employee who is already subject to the Council's disciplinary procedure raises a grievance, the grievance will normally be heard after the completion of the disciplinary procedure
- disciplinary action taken by the Council can include a written warning, final written warning or dismissal
- this procedure may be implemented at any stage if the employee's alleged misconduct warrants this
- except for gross misconduct when an employee may be dismissed without notice, the Council will not dismiss an employee on the first occasion that it decides there has been misconduct
- if an employee is suspended following allegations of misconduct, it will be on full pay and only for such time as is necessary. Suspension is not a disciplinary sanction. The Council will write to the employee to confirm any period of suspension and the reasons for it,
- the Council may consider mediation at any stage of the disciplinary procedure where appropriate (for example where there have been communication breakdowns or allegations of bullying or harassment). Mediation is a dispute resolution process that requires the consent of affected parties

4. Misconduct is employee behaviour that can lead to the employer taking disciplinary action. The following list contains some examples of misconduct: The list is not exhaustive.

- unauthorised absence
- poor timekeeping
- misuse of the Council's resources and facilities including telephone, email and internet
- inappropriate behaviour
- refusal to follow reasonable instructions
- breach of health and safety rules

Examples of gross misconduct

5. Gross misconduct is misconduct that is so serious that it is likely to lead to dismissal without notice. The following list contains some examples of gross misconduct: The list is not exhaustive

- bullying, discrimination and harassment
- incapacity at work because of alcohol or drugs
- violent behaviour
- fraud or theft
- gross negligence
- gross insubordination
- serious breaches of council policies and procedures e.g. the Health and Safety Policy, Equality and Diversity Policy, Data Protection Policy and any policies regarding the use of information technology

- disclosure of confidential information

Suspension

6. If allegations of gross misconduct or serious misconduct are made, the council may suspend the employee while further investigations are carried out. Suspension will be on full pay. Suspension does not imply any determination of guilt or innocence, as it is merely a measure to enable further investigation.
7. While on suspension, the employee is required to be available during normal hours of work in the event that the council needs to make contact. The employee must not contact or attempt to contact or influence anyone connected with the investigation in any way or to discuss this matter with any other employee or councillor.

8. The employee must not attend work. The council will make arrangements for the employee to access any information or documents required to respond to any allegations.

Examples of unsatisfactory work performance

9. The following list contains some examples of unsatisfactory work performance: The list is not exhaustive.
 - inadequate application of management instructions/office procedures
 - inadequate IT skills
 - unsatisfactory management of staff
 - unsatisfactory communication skills

The Procedure

10. Preliminary enquiries. The council may make preliminary enquiries to establish the basic facts of what has happened in order to understand whether there may be a case to answer under the disciplinary procedure.
If the employee's manager believes there may be a disciplinary case to answer, the council may initiate a more detailed investigation undertaken to establish the facts of a situation or to establish the perspective of others who may have witnessed misconduct. For the purposes of this policy, the manager of the Clerk is the chair of Finance and General Purposes Committee.
11. Informal Procedures. Where minor concerns about conduct become apparent, it is the manager's responsibility to raise this with the employee and clarify the improvements required. A file note will be made and kept by the manager. The informal discussions are not part of the formal disciplinary procedure. If the conduct fails to improve, or if further matters of conduct become apparent, the manager may decide to formalise the discussions and invite the employee to a first stage disciplinary hearing.

Disciplinary investigation

12. A formal disciplinary investigation may sometimes be required to establish the facts and whether there is a disciplinary case to answer.
13. If a formal disciplinary investigation is required, the Council's Finance and General Purposes Committee will appoint an Investigator who will be responsible for undertaking a fact-finding exercise to collect all relevant information. The Investigator will be independent and will normally be a councillor. If the Finance and General Purposes Committee considers that there are no councillors who are independent (for example, because they all have direct involvement in the allegations about the employee), or because the subject of the investigation is the clerk, it will appoint someone from outside the Council. The Investigator will be appointed as soon as possible after the allegations have been made. The Finance and General Purposes Committee will inform the Investigator of the terms of reference of the investigation. The terms of reference should specify:
 - the allegations or events that the investigation is required to examine

- whether a recommendation is required
 - how the findings should be presented. For example, an investigator will often be required to present the findings in the form of a written report
 - who the findings should be reported to and who to contact for further direction if unexpected issues arise or advice is needed
14. The Investigator will be asked to submit their findings within 20 working days of appointment where possible. In cases of alleged unsatisfactory performance or of allegations of minor misconduct, the appointment of an investigator may not be necessary and the Council may decide to commence disciplinary proceedings at the next stage - the disciplinary meeting (see paragraph 22).
 15. The Finance and General Purposes Committee will notify the employee in writing of the alleged misconduct and details of the person undertaking the investigation. The employee may be asked to meet an investigator as part of the disciplinary investigation. The employee will be given sufficient notice of the meeting with the Investigator so that he/she has reasonable time to prepare for it. The letter will explain the investigatory process and that the meeting is part of that process. The employee will be provided with a copy of the Council's disciplinary procedure. The Council will also inform the employee that when he/she meets with the Investigator, he/she will have the opportunity to comment on the allegations of misconduct.
 16. Employees may be accompanied or represented by a workplace colleague, a trade union representative or a trade union official at any investigatory meeting.
 17. If there are other persons (e.g. employees, councillors, members of the public or the Council's contractors) who can provide relevant information, the Investigator should try to obtain it from them in advance of the meeting with the employee.
 18. The Investigator has no authority to take disciplinary action. His/her role is to establish the facts of the case as quickly as possible and prepare a report that recommends to the Finance and General Purposes Committee whether or not disciplinary action should be considered under the policy.
 19. The Investigator's report will contain his/her recommendations and the findings on which they were based. He/she will recommend either:
 - the employee has no case to answer and there should be no further action under the Council's disciplinary procedure
 - the matter is not serious enough to justify further use of the disciplinary procedure and can be dealt with informally or
 - the employee has a case to answer and a formal hearing should be convened under the Council's disciplinary procedure
 20. The Investigator will submit the report to the Finance and General Purposes Committee which will decide whether further action will be taken.
 21. If the Council decides that it will not take disciplinary action, it may consider whether mediation would be appropriate in the circumstances.

The disciplinary meeting

22. If the Finance and General Purposes Committee decides that there is a case to answer, it will appoint a Disciplinary Panel of three councillors, to formally hear the allegations. The Disciplinary Panel will appoint a Chairman from one of its members. The Investigator shall not sit on the Disciplinary Panel.
23. No councillor with direct involvement in the matter shall be appointed to the Disciplinary Panel. The employee will be invited, in writing, to attend a disciplinary meeting. The Disciplinary Panel's letter will confirm the following:
- the names of its Chairman and other two members
 - details of the alleged misconduct, its possible consequences and the employee's statutory right to be accompanied at the meeting
 - a copy of the information provided to the Disciplinary Panel which may include the investigation report, supporting evidence and a copy of the Council's disciplinary procedure
 - the time and place for the meeting. The employee will be given reasonable notice of the hearing so that he /she has sufficient time to prepare for it
 - that witnesses may attend on the employee's and the Council's behalf and that both parties should inform each other of their witnesses' names at least two working days before the meeting
 - that the employee may be accompanied by a companion - a workplace colleague, a trade union representative or a trade union official
24. The purpose of the disciplinary meeting hearing is for the allegations to be put to the employee and then for the employee to give their perspective. It will be conducted as follows:
- the Chairman will introduce the members of the Disciplinary Panel to the employee and explain the arrangements for the hearing
 - the Chairman will set out the allegations and invite the Investigator to present the findings of the investigation report (if there has been a previous investigation)
 - the Chairman will invite the employee to present their account
 - the employee (or the companion) will set out his/her case and present evidence (including any witnesses and/or witness statements)
 - any member of the Disciplinary Panel and the employee (or the companion) may question the Investigator and any witness
 - the employee (or companion) will have the opportunity to sum up
25. The Chairman will provide the employee with the Disciplinary Panel's decision with reasons, in writing, within five working days of the meeting. The Chairman will also notify the employee of the right to appeal the decision.
26. The disciplinary meeting may be adjourned to allow matters that were raised during the meeting to be further investigated by the Disciplinary Panel.

Disciplinary action

27. If the Disciplinary Panel decides that there should be disciplinary action, it may be any of the following:

First written warning

If the employee's conduct has fallen beneath acceptable standards, a first written warning will be issued. A first written warning will set out:

- the reason for the written warning, the improvement required (if appropriate) and the time period for improvement
- that further misconduct/failure to improve will result in more serious disciplinary action
- the employee's right of appeal
- that a note confirming the written warning will be placed on the employee's personnel file, that a copy will be provided to the employee and that the warning will remain in force for a specified period of time (e.g. 12 months)

Final written warning

If the offence is sufficiently serious, or if there is further misconduct or a failure to improve sufficiently during the currency of a prior warning, the employee will be given a final written warning. A final written warning will set out:

- the reason for the final written warning, the improvement required (if appropriate) and the time period for improvement
- that further misconduct/failure to improve will result in more serious disciplinary action up to and including dismissal
- the employee's right of appeal
- that a note confirming the final written warning will be placed on the employee's personnel file, that a copy will be provided to the employee and that the warning will remain in force for a specified period of time (e.g. 12 months)

Dismissal

The Council may dismiss:

- for gross misconduct
 - if there is no improvement within the specified time period, in the conduct which has been the subject of a final written warning
 - if another instance of misconduct has occurred and a final written warning has already been issued and remains in force
28. The Council will consider very carefully a decision to dismiss. If an employee is dismissed, he/she will receive a written statement of the reasons for his/her dismissal, the date on which the employment will end and details of his/her right of appeal. If the Disciplinary Panel decides to take no disciplinary action, no record of the matter will be retained on the employee's personnel file. Action taken as a result of the disciplinary meeting will remain in force unless it is modified as a result of an appeal.

The appeal

29. An employee who is the subject of disciplinary action will be notified of the right of appeal. His/her written notice of appeal must be received by the Council within five working days of the employee receiving written notice of the disciplinary action and must specify the grounds for appeal.
30. The grounds for appeal include:
 - a failure by the Council to follow its disciplinary policy
 - the Disciplinary Panel's disciplinary decision was not supported by the evidence
 - the disciplinary action was too severe in the circumstances of the case
 - new evidence has come to light since the disciplinary meeting
31. Where possible, the appeal will be heard by a panel of three members of the Finance and General Purposes Committee who have not previously been involved in the case. This includes the Investigator. There may be insufficient members of the Finance and General Purposes Committee who have not previously been involved. If so, the appeal panel will be a committee of three members of the Council who may include members of the staff committee. The appeal panel will appoint a Chairman from one of its members.
32. The employee will be notified, in writing, within 10 working days of receipt of the notice of appeal of the time, date and place of the appeal meeting. The employee will be advised that he/she may be accompanied by a companion - a workplace colleague, a trade union representative or a trade union official.
33. At the appeal meeting, the Chairman will:
 - introduce the panel members to the employee
 - explain the purpose of the meeting, which is to hear the employee's reasons for appealing against the disciplinary decision
 - explain the action that the appeal panel may take
34. The employee (or companion) will be asked to explain the grounds for appeal.
35. The Chairman will inform the employee that he/she will receive the decision and the panel's reasons, in writing, usually within five working days of the appeal hearing.
36. The appeal panel may decide to uphold the disciplinary decision of the Finance and General Purposes Committee, substitute a less serious sanction or decide that no disciplinary action is necessary. If it decides to take no disciplinary action, no record of the matter will be retained on the employee's personnel file.
37. If an appeal against dismissal is upheld, the employee will be paid in full for the period from the date of dismissal and continuity of service will be preserved.
38. The appeal panel's decision is final.

WORKINGTON TOWN COUNCIL

SICKNESS AND ABSENCE POLICY

Introduction

Workington Town Council aims to be a good employer; this is reflected in its approach to sickness management. The Council is fully committed to a healthy and safe environment that leads to the achievement and maintenance of high attendance levels. The aim of this policy is to reduce sickness absence, manage sickness absence effectively and help employees return to work when they are absent.

1 Legal Responsibility

In accordance with following legal requirements, the Town Council will consider all absences and act according to the following legislation.

- Disability Discrimination Act (DDA) 2010– to make reasonable adjustments to disabled employees' working arrangements or conditions so they are not treated less favourable.
- Health and Safety at Work Act (HSWA) 1974 – to protect employees, after they return to work, if they are more vulnerable to risk due to illness, injury or disability.
- Employment Rights Act 1996 and Employment Act 2002 (Dispute Regulations) 2004 – when conducting procedures dismissal, disciplinary and grievance.
- Data Protection Act 1998 – for the processing and storage of sensitive data relating to medical information.

There can be a number of reasons for sickness absence and the Council's approach to dealing with sickness absence will recognise this.

When an illness or injury prevents you from carrying out your job, it is reasonable for you to remain absent from work until you are better. However, absence can cause serious issues within the workplace when:

- It is intentional or may be deemed as self-inflicted.
- Frequent or prolonged
- Without good reason

It is sometimes necessary to take action against regular absenteeism. In appropriate cases, medical opinion is sought where there are doubts about someone's ability to continue in their role. This will follow a formal warnings procedure set out within this policy.

2 Managing Regular or Long Term Sickness Absence

Reporting sickness and absence as soon as possible is important, it will allow the Council to make adjustments that benefit the employee and the Council as a whole.

Line Managers are expected to monitor and manage the attendance at work of those employees under their supervision.

Line Managers are responsible for the day-to-day welfare of staff.

Employees who become unwell or take sickness absence must be treated fairly, properly and consistently.

Employees will be informed if their attendance record is causing concern.

Employees will be given adequate opportunity and assistance to improve their attendance record with a view to ensuring their full return to normal working, modified working or their possible redeployment to alternative work.

The Council will provide employees with advice and direct them to services where necessary, such as Occupational Health advice.

Employees will be given the opportunity for a home visit to take place to discuss their general welfare and ease any anxiety about returning to work.

Employees will be made aware of a 'return to work' meeting that will be carried out after periods of absence and be informed of when self-certification and medical certificates are appropriate in accordance with the procedure for reporting sickness.

Employees should work in partnership with their trade union and employee representatives to help those off sick return to work.

3 Sickness and Absence Notification Procedure

First Day of Absence

If an employee is unable to attend work through illness or injury, they must notify their Line Manager before they are due to begin work.

If the Line Manager has not received sufficient notice of an employee's absence and they are concerned that the employee has not arrived to start work at their normal time, the supervisor can contact the employee to check on their welfare.

When notifying absence, the employee must give the reasons for their absence and the likely duration of that absence.

Where this is not possible then the employee should arrange for someone to do it on their behalf which must include reasons for their absence and the likely duration of that absence.

The employee must notify their supervisor, prior to their return to work, their likely duration of absence to allow for:

- a Return-to-work discussion to be arranged.
- investigations of any welfare or work-related issues that may be required by the employee.
- the employer to correctly designate the correct resources for the day's workload.

If an employee fails to follow these reporting requirements, then they may be classed as absent from work, rather than sick, and may not be paid.

Eighth Day

If an employee has been absent for seven calendar days, and does not return to work on the eighth day, then they must obtain as soon as possible after the eighth day a Fitness for Work (fit note) signed by a doctor which covers sickness absence from the eighth day of sickness onwards and this must be forwarded to the Chief Officer.

If a fit note is not received promptly, this may result in a loss of pay for these or any subsequent days of sickness absence.

On the fit note your GP may advise one of two options:

- Not fit for work – this means that you have a health condition that prevents you from attending work for a stated period.
- May be fit for work taking account of the following advice - this means that your health condition does not necessarily stop you from attending work.

Your GP may suggest that you could continue to work, but may not be able to complete all of your normal duties and may suggest ways in which you could attend, such as:

- A phased return
- Altered hours
- Amended duties
- Workplace adaptations

Should you receive a fit note making suggestions from your GP regarding attending work with some changes, your Line Manager will consider any suggestions made and discuss them with you to determine whether they can be supported in the workplace and how they can be implemented. However, if this is not possible then your Statement of Fitness for Work will be used as if the doctor had advised 'not fit for work'.

4 Maintaining contact with the absent employee

It is important that both the Line Manager and the absent employee maintain regular contact. This might involve telephone contact, visiting the employee at home, at the

workplace, or when appropriate, meetings at some other neutral and acceptable venue.

The purpose of the meetings is to obtain information regarding an employee's medical condition prognosis, any support the Council can offer, the expected return to work date, etc.

As an employee, whilst absent due to sickness you should be available to be contacted and be available for any possible meeting planned for normal working days or times. Unless the employee is on leave which has been authorised by their Line Manager.

5 Statutory Sick Pay

If you are ill and unable to attend work, you may be entitled to Statutory Sick Pay (SSP). SSP is currently paid after 4 qualifying days absence from work. The qualifying days are your normal working days that are in your contract. Tax and National Insurance will be deducted from SSP and if you earn below the lower earnings limit, you will not qualify for SSP.

6 Council's Sick Pay (Occupational Sick Pay)

It is the Council's policy to pay you your normal basic rate of pay exclusive of overtime/allowances during periods of sickness absence as stated below.

- During 1st year of service 1 months' full pay, and (after 4 months' service) 2 months half pay
- During 2nd year of service 2 months full pay, 2 months half pay
- During 3rd year of service 4 months full pay, 4 months half pay
- During 4th & 5th year 5 months full pay, 5 months half pay
- After 5 years' service 6 months full pay, 6 months half pay

This occupational sick pay will be for absences due to sickness calculated over the previous 52 weeks and will include your entitlement to SSP.

Payment is, however, conditional upon you complying with the Council's procedure for notifying your manager of the absence, attending an interview with your manager on request to discuss the absence, and completing a self-certification form on return to work or providing a fit-note when requested. We may also ask you to attend an interview/examination with a nominated doctor at the request of the Council.

We may not pay you occupational sick pay where:

- you have failed to comply with the Council's sickness absence notification and evidence requirements;
- you unreasonably refuse to attend a sickness absence meeting with the Council on request;
- you are unable to work because you hurt yourself in dangerous sports / activities or any other occupation you have;
- you have misled the Council about your fitness to work;

- you have resigned; or
- where disciplinary proceedings are pending against you.

7 Continuing Sickness Absence

You must continue to submit Statements of Fitness for Work (fit notes) to your Line Manager for any further day's absence.

During any period of absence, you must keep in regular contact with your supervisor with telephone calls and/or meetings. Your supervisor will also keep in touch with you to keep updated on your absence and plan for your return to work.

8 Returning to work

Where a Statement of Fitness for Work (fit note) covers the period of absence and your GP has stated that they 'will need to assess your fitness for work again at the end of this period', before returning to work you must obtain a final statement showing your fitness to return, from your doctor and submit it to your Line Manager immediately prior to your return to work.

Where a Statement for Fitness for Work (fit note) shows a period of time, but the GP has stated that they 'will not need to assess your fitness for work again at the end of this period', then you will be able to return to your normal duties at the end of the stated period, or before, should you feel able to do so.

For periods of seven days or less (including non-workdays) the employee may self-certify for the period of absence unless following previous periods there has been an alternative agreement.

9 Returning to Work Interviews

When you return to work your Line Manager will arrange a return-to-work meeting to discuss your absence with you informally. They will try to assist you if you have any particular difficulties arising from your absence.

If you have had several recent absences (and especially if they were un-certificated/self-certificated) your supervisor will want to know more about the circumstances, and you should be prepared to discuss the situation openly.

It is widely recognised that the return-to-work discussion can have many positive effects. Such discussions will be carried out sympathetically and in private, by your Line Manager. Return to work meetings are also an opportunity for employees to discuss any health issues or other concerns which may affect their work.

A record of the discussion and the nature of the sickness will be made on the Return-to-Work Interview Form. Where actions are required, a copy of this form can be given to the employee upon request.

If there is no improvement in an employee's sickness record and every effort has been made by the Line Manager to help an employee regarding their unsatisfactory sickness absence record, then the employee will be informed that the matter will proceed to a Sickness Absence Review Interview.

Although you are not ordinarily required to submit a doctor's Fitness for Work (fit note) until you have been sick for more than seven days, where your record shows repeated short-term absences you may be asked to visit your doctor on the first day of any subsequent absence following a Sickness Absence Review Meeting

10 Sickness during Holidays

If you fall sick whilst you are on annual leave, you must obtain a Statement of Fitness to Work (fit note) from your GP/Hospital for the days in question and forward it to your Line Manager.

You will be regarded as being on sick leave for the dates/duration shown on the medical certificate. This means that your absence will not then be deducted from your annual leave entitlement.

Regular periods of sickness absence before, during and following annual leave will be monitored by your Line Manager.

If you wish to have a holiday during a period of sickness absence, your Line Manager must be informed prior to taking the holiday.

11 Sickness control procedure

The sickness control procedure is detailed on table below. The months stated are a rolling month and are calculated from the first date of the current sickness reported.

Occasions of absence	Outcome
Each occasion of absence	Return to work interview
3 occasions of absence in a 6-month period	Sickness Absence Review Interview
2 occasions of absence within 6 weeks of Sickness Absence Review Interview	1 st formal warning
2 occasions of absence within 6 weeks of the 1 st formal warning	2 nd formal warning
1 occasion of absence within 6 weeks of receiving 2 nd formal warning	Disciplinary action/dismissal

12 Improvement

If your sickness absence record improves to a satisfactory level, you will be advised of this by letter. Improvement must be maintained over a twelve-month period from the date of the letter confirming/giving the warning, after which time the warning will

cease to be valid. However, your attendance will still be monitored and if it deteriorates again, you will revert back to the first stage of the procedure, the Informal Meeting.

13 Long Term Sickness Absences

If you are absent for a prolonged period and/or have a long-term illness the following action will be taken. With regard to the Equality Act 2010, the Council takes consideration to the needs of all long-term conditions and will endeavour to make reasonable adjustments for employees who become disabled or whose disability worsens.

You may be visited at home, or some other neutral and acceptable venue, after 3 to 4 weeks absence, and will be interviewed periodically, with the involvement of an accredited trade union representative if you so wish, and in turn you should maintain contact with your supervisor. Your supervisor will write to you informing you of their wish to visit. This may be followed up by a telephone call to check the date/time is convenient for you.

Often when an employee has been absent for a substantial length of time, an initial period of rehabilitation is beneficial when they return to work. There may be occasions where a phased return to work, or a return to partial duties in the short term, can be accommodated.

At a welfare meeting prior to their return, the question of whether a rehabilitation period would be of benefit, and if so, what assistance and support will be afforded to the employee should be discussed.

The return to work under the rehabilitation programme should be approved by the GP (i.e. a sentence on the employee's signing off note) and/or from advice from an Occupational Health Advisor.

When a rehabilitation programme has been agreed, the details of the programme, its length and review date should be confirmed in writing to the employee.

A rehabilitation period of three to four weeks is usually sufficient to ease the employee gradually back into the full duties/hours of their post. This often involves working reduced hours or days per week. During this period, the employee will be paid their normal pay. Monitoring and regular discussion will identify an employee's progress and the areas which require further improvement/support/training. At the end of the phased return period, or sooner, as appropriate, a review should take place to assess their progress and to identify if they are able to work the full duties/hours of their job.

Some employees may require a longer period to build up to a full work routine, if this is the case, an employee will then be paid for the actual hours they work, and a review period will be arranged to assess their progress and to consider working arrangements for the future. The use of annual leave or lieu time may also extend the period of reduced days/hours. Annual leave/lieu time can be used to allow for fewer days of work per week or fewer hours. This is a beneficial way of maintaining an employee's pay while reducing their working week.

If an employee has a medical condition which will affect them at work on a longer term, or even permanent basis, greater consideration will need to be given to work organisation and adjustments to the workplace. If it is not possible to accommodate the adjustments required, or if the illness/absence is such that the employee cannot return to their own job, then consideration will be given to any suitable alternative employment available at the Council.

14 Employment at Risk

If you cannot return to your own job and no suitable alternative employment is available, the following action will normally be taken:

- You will be advised that your employment is at risk, and this will be confirmed in writing to you.
- Where your job can no longer be kept open and no suitable alternative work is available or acceptable to you, you will be interviewed and informed of the likelihood of your dismissal.
- Where dismissal action is to be taken, then it will be on the grounds of incapability due to ill health and the same process will be applied as detailed above.

15 Appeals Process

At each stage of the Formal Procedure an employee will have the right of appeal. Such an appeal must be made in writing within 5 working days of the date of the warning or the letter confirming a dismissal. In the event of an appeal being lodged against a warning the procedure will still continue.

16 The Equality Act 2010

Reasonable adjustments in the form of provision of aids or equipment, adjustment to duties or even redeployment may allow an employee with a disability to remain in employment.

An employee's sickness records should differentiate between disability related and non-disability related absences. The Chief Officer will look at disability related absences separately when making decisions on what action is or isn't appropriate.

17 Monitoring procedures

The Sickness Absence Policy and associated procedures will be regularly monitored and reviewed, to ensure they are clear, objective and consistently applied.

1. Introduction

Workington Town Council has designed this Health and Safety Policy to protect all employees, members, visitors, contractors, facility users and attendees of events. This document provides the policy and systems within the Town Council to ensure compliance with safe working practices.

The promotion of health, safety and welfare at work is an integral function and responsibility of the Town Council. Help and advice will be available, from supervisors and the Chief Officer/RFO to assist in health and safety queries. Where it is deemed necessary, guidance from external bodies and organisations will be sought.

Ultimately, the Chief Officer/RFO is responsible for upholding Health and Safety within the Council this includes:

- The provision and maintenance of safe and healthy working conditions.
- Ensuring that suitable Risk Assessments are undertaken from which are developed safe and efficient work methods.
- Providing information, instruction, training and supervision where necessary to ensure the competence of individuals.
- Making available all necessary safety devices and protective equipment.
- Providing and maintaining equipment and materials that are safe and without risk to the health of our employees or others who may be affected by our business activities.
- Maintaining a constant interest of the Health and Safety Executive and keeping up to date in changes to regulations that may affect the activities of Workington Town Council.

Employees will be regularly consulted on this policy to maintain good practice in respect of health, safety and welfare.

2. General Responsibilities

This policy is set out into the specific areas of Health and Safety that require consideration. While the individual requirements and legal obligations of these sections must be met, the general responsibilities of the Town Council and its employees are detailed here.

Employees of all positions have a responsibility to ensure that any work undertaken does not adversely affect the health and safety of anyone else including other members of staff, visitors, contractors, and the general public.

In accordance with the Health and Safety (Information for Employees) Regulations 1989, Health and Safety information is displayed in all Town Council premises informing employees on what they need to know about health and safety.

Workington Town Council encourages employees to make suggestions to any alternative methods of work that will reduce hazards, make the workplace a safer environment and benefit the welfare of its employees.

As standard working practice, the Council will actively review and provide any relevant information and training to employees in respect of Health and Safety, to ensure that all employees are working in a safe environment and are competent to undertake their duties in a safe manner.

If any employee feels that they require additional training they must raise these concerns with their supervisor or the Chief Officer/RFO as soon as possible.

In accordance with the Management of Health and Safety at Work Regulations (1999) and Health and Safety Executive's (HSE) Approved Code of Practice (ACOP), it is the policy of Workington Town Council to carry out a suitable and sufficient assessment of the risks to health and safety of their employees, in order to identify the measures and minimise risks. A programme of risk assessments will be carried out across all Town Council functions by the appropriate Officers, and risk assessments will be reviewed as necessary.

Risk assessments should identify significant hazards arising from work activity under their control. The assessment should identify all persons who could be harmed, including staff, workers, members of the public and contractors. Extra consideration should be made to identify vulnerable individuals or groups.

In conjunction with this policy, other Town Council policies must be adhered to with regard to Health and Safety. In particular, this includes Lone Working, Home Working and Safeguarding Policies.

3. Use of Equipment

Employees of Workington Town Council use a variety of different types of equipment. This can include office equipment, computer, cables, trollies, vehicles, manual equipment or plant hire.

All equipment can pose a risk if not used in accordance with instructions or if a fault is not rectified.

All staff must use equipment in a responsible manner that does not put themselves or anyone else at risk.

It is the responsibility of the driver of fleet vehicles to ensure that the vehicle is in a road worthy state and driven in compliance of The Road Vehicles (Construction and Use) Regulations 1986.

Any concerns with the condition of Workington Town Council vehicles must be reported to the Estate Team Leader or Chief Officer/RFO immediately. Full information on Workington Town Council Fleet can be found in the Vehicle Policy

Certain items of plant hire require statutory inspections on a frequency determined by relevant legislation.

A suitable risk assessment for items of plant/equipment must be carried out by the procurer of the item prior to it being used. The assessment should also specify if pre-use checks are appropriate and these should be itemised where appropriate. If hazards are noted the risk assessment should be shared with relevant staff members.

Users of plant hire and equipment are responsible for carrying out any pre use checks.

Any fault or hazard found with plant hire or equipment must be reported before use.

4. Disclosure and Barring Service (DBS) Checks

The nature of the role of Workington Town Council, to the community of Workington, means that employees and members may have contact with vulnerable individuals and children from time to time.

In order to safeguard these individuals and children, Workington Town Council requires all employees to complete DBS checks.

Any employee who has a concern about the safety or welfare of a vulnerable adult or child must report this directly to the Safeguarding Officer.

Please refer to the safeguarding policy for further information.

5. Accidents and First Aid

The Health and Safety (First Aid) Regulations 1981 place a general duty on employees to make or ensure that there is an adequate First Aid provision for their employees if they are injured or become ill at work.

The Town Council will ensure, as is reasonably possible, that all accidents and dangerous occurrences are reported internally and, where appropriate, to the enforcing authority.

All accidents and dangerous occurrences will be investigated and reasonable measures put in place to prevent recurrences.

All accidents, near misses, cases of work-related ill health and dangerous occurrences are to be reported to supervisors or the Chief Officer/RFO.

Details of the incident will be recorded in the accident book, which is located in the Council's offices. The Chief Officer/RFO is responsible for periodically checking the accident book.

In accordance with the requirements of the First Aid Approved Code of Practice, Workington Town Council has identified the requirement of employees that should be First Aid trained. Workington Town Council currently has 7 employees who are first aid trained; covering all premises, ensuring that adequate First Aid cover is always maintained and available.

An appointed person is someone authorised to take charge of the situation if there is an injury or illness (and generally would have received Emergency First Aid training).

The names of all such persons are displayed at strategic points and also on or beside any First Aid Box.

The Chief Officer/RFO is responsible for undertaking investigations following accidents, dangerous occurrences and work-related ill health absence.

The Chief Officer/RFO is responsible for acting on investigation findings to prevent a recurrence.

The Chief Officer/RFO is responsible for reporting notifiable accidents, diseases and dangerous occurrences to the enforcing authority, as required by the Reporting of Injuries, Diseases and Dangerous Occurrences Regulations (RIDDOR) 1995.

6. Fire Procedure and Instructions

All properties occupied by Workington Town Council have a fire evacuation procedure and have received a fire risk assessment by either the property owner or Workington Town Council.

Officers are responsible for carrying out risk assessments on buildings owned by WTC. Where offices are occupied by WTC Officers, but not owned by the Council, the owner of the property is responsible for carrying out fire risk assessments.

It is the responsibility of the Chief Officer/RFO to ensure fire evacuation procedures are available in buildings occupied by WTC staff and that staff are aware of the evacuation procedures.

Fire exit signs are located around Town Council occupied buildings to direct members of staff to their nearest exit.

Fire extinguishers are located around Town Council occupied buildings. These are annually checked by specialised engineers.

Each building has designated and trained fire marshals.

If you discover a fire:

- Raise the alarm from the nearest call point
- Ensure all person under your control evacuate
- Do not tackle a fire, in any instance, if it is not safe to do so. Only use a fire extinguisher if it is likely to be effective. Alert the building of a fire and raise the alarm before trying to tackle any fire.
- Report the location of the fire to the person in charge at the assembly point.

Action of hearing the fire alarm:

- Evacuate the building using the nearest available exit, ensuring all persons under your control leave with you;
- Do not collect personal belongings (e.g. coats and bags);
- Move swiftly but calmly, do not run or panic
- If you are the last person to leave the room close the door behind you;

- Proceed to the designated assembly point;
- Do not re-enter or allow other persons to enter the building until told to do so by a person in authority.

Alarms on Council owned or controlled premises will be tested weekly according to risk assessments and the Regulatory Reform (Fire Safety) Order 2005.

Any concerns about fire hazards or escape routes should be directed to designated fire marshals or the Chief Officer immediately.

Fire evacuation procedures will be rehearsed at least twice per year. Fire evacuation procedures will be given to visitors and temporary or new employers during inductions.

All staff and visitors must sign in and out of Town Council occupied premises to enable fire marshals can carry out building checks effectively.

7. Control of Substances Hazardous to Health (COSHH)

Workington town Council uses, and has access to, a number of substances that fall into the category "Hazardous to Health" e.g. cleaning materials; weed killer, solvents, adhesives, toner etc. In line with the Classification, Labelling and Packaging of substances and Mixtures Regulation (CLP Regulation 2009), these products use the UN Globally Harmonised system of pictograms. Pictograms are on these products are identified with a red diamond frame and white background; within the frame a black hazard symbol indicates the specific hazard of e.g. corrosive, environmental.

Under COSHH guidelines Workington Town Council will assess the risk to health arising from any substance and the precautions needed to store and use such substance and ensure:

- To introduce appropriate measures to prevent or control any risk
- Ensure that control measures are used and that equipment that uses hazardous substances is properly maintained.
- Those employees are instructed and trained about the risks and the precautions to be taken when using such substances.

In order to establish the extent of risk, assessment will include:

- What substances are present and in what form?
- What harmful effects are possible?
- Where and how are the substances actually used?
- What harmful substances are given off as a by-product of use?
- Who could be affected, to what extent and for how long?

- Under what circumstances?
- How likely is it that exposure will happen?

All relevant information on substances used at work must be obtained from suppliers. This information, along with assessment findings, will be formulated onto a hazard data sheet. Hazard data sheets show the safe system of use and all the necessary protective measures to ensure safe use of the substance.

This data must be made available to all employees likely to use or come into contact with the substance.

8. Electricity

Workington Town Council uses and operates equipment with electricity in a number of locations. In accordance with the Electricity at Work Regulations (1989) it is the Town Council's responsibility to ensure that systems that use electricity are used and maintained to prevent danger.

Most portable electrical equipment, such as computers, printers, power tools etc., are plugged into a fixed electrical installation.

When a fixed electrical system is first installed, the electrical supply authority requires a "Certificate of Compliance" before it can be connected to the mains supply. This is a Certificate issued by a qualified electrician, stating that certain tests have been carried out, and that the system is in a fit state to be connected.

A copy of this Certificate should be available for all of the buildings which the Council uses.

After this initial Certification the fixed wiring should need re-testing at least every 5 years, unless any assessments show otherwise.

When an appliance is purchased, it should be PAT tested (portable appliance testing) every 1- 4 years as recommended.

A register of portable electrical appliances will be kept. All such equipment should be regularly checked and a record of such checks should be kept.

Electrical equipment which has not been checked and recorded should not be connected to the Council's electrical supply circuitry.

Contractors and/or performing artists should provide, for inspection, up to date documentary proof of the electrical integrity of their electrical equipment.

Employee's personal electrical equipment should not be connected to the Council's electrical supply without express permission having first been given and the equipment tested and recorded as it would have been had it been the Council's property.

9. Display Screen Equipment (DSE)

The Display Screen Equipment Regulations apply to all individuals who use a computer/laptop, monitors etc. as part of their day-to-day role. In accordance with these regulations, a suitable assessment of workstations will be provided to all new or temporary employees in order to identify and health and safety risks that individual employee may be exposed to in consequence of using DSE equipment.

Assessments will be reviewed if either the employee or supervisor feels that they are no longer valid, or there has been a significant change to the location or set up of the environment that employee works in.

All employee workstations and assessments of workstations will meet the requirements of The Health and Safety (Display Screen Equipment) Regulations 1992 – regulation 3, which states the minimum requirements for the condition of workstation equipment, chairs, keyboards, display screens, office environment (including noise, heat, space and lighting).

Employees, who regularly use DSE equipment, are advised to have regular eye examinations.

Where an employee has experienced visual difficulties, which may reasonably be considered to be caused by work on display screen equipment, Workington Town Council will ensure that the employee is provided with a suitable eye examination, covering that cost.

Following any eye examination, in accordance with HSE guidelines, employees that require 'Normal' corrective appliances are to be paid from the employees own expense. Any employee that requires prescribed eyewear/contact lenses, for display screen work, will be provided with the cost of the basic corrective appliance, i.e. of a type and quality adequate for the user's work. Where bifocal or varifocal spectacles are prescribed as special corrective appliances the employer is required to meet the costs associated with providing a basic frame and the prescribed lenses.

If users wish to choose a corrective appliance that exceeds basic costs (for example with designer frames, or lenses with optional treatments not necessary for the work), the employer is not obliged to pay for these. In these circumstances employers may

Workington Town Council will supply suitable Personal Protective Equipment to all employees where a risk to health and safety has been identified.

Wherever possible, systems of work shall be selected which avoid the use of Personal Protective Equipment, PPE shall be regarded as the last resort to protect against risks to health and safety.

When PPE is required, it shall be supplied free of charge.

Where PPE is supplied the employee will be provided with the information, instruction and training required to use the equipment appropriately, this will include:

- the risk or risks which the personal protective equipment will avoid or limit
- the purpose for which and the manner in which personal protective equipment is to be used
- any action to be taken by the employee to ensure that the personal protective equipment remains in an efficient state, in efficient working order and in good repair

24 Hard Hats

24.1 Hard hats must be worn whenever employees are exposed to the hazards of falling or flying objects, electrical shock or burn. The purpose of this is to minimise the frequency and severity of head injuries incurred by employees by establishing a policy for wearing hard hats.

24.2 The policy applies to all employees who are exposed to the hazards of falling or flying objects, electrical shock or burn, or moving vehicles while working on or adjacent to roads and highways.

24.5 It is the employee's responsibility to wear a hard hat as determined in this policy. Although a hard hat may not be required at a particular job site, it is the employee's responsibility to maintain one at the site (in a vehicle, etc.), so that it will be readily available should it be needed.
